Title 3—THE PRESIDENT

Executive Order 11113

AMENDMENT OF EXECUTIVE ORDER NO. 11075,¹ AS AMENDED, RELATING TO THE ADMINISTRATION OF THE TRADE AGREEMENTS PROGRAM

By virtue of the authority vested in me by the Trade Expansion Act of 1962 (76 Stat. 872), and as President of the United States, it is ordered that Executive Order No. 11075 of January 15, 1963 (28 F.R. 473), as amended by Executive Order No. 11106 of April 18, 1963 (28 F.R. 3911) be, and it is hereby, further amended by substituting for subsection (c) of Section 2 thereof (48 CFR § 1.2(c)) the following:

“(c) There shall be in the said Office two officers, each of whom shall have the title ‘Deputy Special Representative for Trade Negotiations’, with the rank of Ambassador. The principal functions of each shall be to conduct negotiations under title II of the Act, and each shall perform such additional duties as the Special Representative may direct.”

JOHN F. KENNEDY

keting Service.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Tree Nuts), Department of Agriculture

[Valencia Orange Reg. 51]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 908.351 Valencia Orange Regulation 51.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908; 27 F.R. 10089), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order

to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 13, 1963.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., June 16, 1963, and ending at 12:01 a.m., P.s.t., June 23, 1963, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
 - (ii) District 2: 400,000 cartons;
 - (iii) District 3: Unlimited movement.
- (2) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: June 14, 1963.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Agricultural Mar-
keting Service.

[Lemon Reg. 67]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.367 Lemon Regulation 67.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 27 F.R. 8346), regulating the handling of lemons grown in California and Arizona, effective under the applicable

provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 11, 1963.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a.m., P.s.t., June 16, 1963, and ending at 12:01 a.m., P.s.t., June 23, 1963, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
 - (ii) District 2: 372,000 cartons;
 - (iii) District 3: Unlimited movement.
- (2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Title 30—MINERAL RESOURCES

Chapter II—Geological Survey, Department of the Interior

PART 222—CONNALLY ACT REGULATIONS

Miscellaneous Amendments

1. The heading of Part 222 of Title 30, Code of Federal Regulations, which now reads "Reports and Inspections of Facilities and Agencies for the Production, Processing, Storage and Transportation of Petroleum and Petroleum Products", is revised to read "Connally Act Regulations."

2. Section 222.4 of Title 30, Code of Federal Regulations, is amended to read as follows:

§ 222.4 Inspection books and records; examination properties and facilities.

All persons producing, refining, processing, manufacturing, transporting, withdrawing from storage or otherwise handling petroleum or any petroleum product, shall permit any person or persons authorized under § 222.25 to conduct investigations to enter upon their properties, plants and facilities, and to examine all the books and records kept or required to be kept in accordance with this part, and all other books, papers, records, vouchers, run-tickets, bills of lading, way bills, charges, memoranda, diagrams showing the location of each lease, the location and identifying number of each well, the location, capacity and identifying number of each tank, the size of all pipelines, flow lines and gathering systems and other outlets attached to their properties, or other documents which are used by them in connection with producing, refining, processing, manufacturing, transporting, withdrawing from storage or otherwise handling petroleum or any petroleum products, and to inspect such plants, facilities and properties, and to gauge tanks, and to examine wells, pipelines, gathering systems, flow lines, pipe connections, storage tanks, loading racks, separators, pumps, meters or other measuring devices, and any other equipment or instruments.

3. Section 222.9b of Title 30, Code of Federal Regulations, is amended to read as follows:

§ 222.9b Diagrams.

Whenever directed by written order issued by a person authorized under § 222.25 to conduct investigations, any producer, refiner, or operator of any pipeline, gathering system, reclamation plant or casinghead gasoline plant shall,

within 30 days from the service of such order, furnish the board with a diagram or diagrams accurately and completely showing to scale, so far as is applicable to the business of the person furnishing the diagram, the location of each lease, the location and identifying number of each well, the location, capacity and identifying number of all tanks, the location and size of all pipelines, flow lines and gathering systems and other outlets attached to his properties, and every method by which oil is or can be delivered to and from his properties.

4. The heading of § 222.25 of Title 30, Code of Federal Regulations, is amended to read as follows:

§ 222.25 Delegation of authority to conduct investigations, hearings, and proceedings.

5. New §§ 222.26 through 222.30, reading as follows, are added to Part 222 of Title 30, Code of Federal Regulations:

§ 222.26 Non-public investigatory proceedings.

All formal proceedings in connection with any investigation conducted pursuant to this part to hear or take the testimony of a witness, whether such witness appears voluntarily or in response to a subpoena, are designated, and shall be conducted, as non-public investigatory proceedings.

§ 222.27 Right to copy of data or transcript of testimony.

(a) Except with respect to a non-public investigatory proceeding, a person who has submitted data or evidence in the course of an investigation conducted pursuant to this part shall be entitled to retain or procure a copy of his data or a transcript of his testimony. If a person who has testified in a non-public investigatory proceeding desires a copy of the transcript of his testimony such person shall file a written request stating the reason for desiring to procure such transcript. The Chairman, Federal Petroleum Board, may for good cause deny such request. The determination as to whether good cause exists for denying the request shall be based upon the nature and content of the testimony in its relation to the investigation or investigations concerning which it was given or required. If the request is denied, such person, upon proper identification, shall have the right to inspect the official transcript of his testimony.

(b) A witness who desires a copy of the official transcript of the testimony which he has given in any such non-public investigatory proceeding must file a written request. The request may be filed during the proceeding or at any time thereafter. Such request shall be acted upon within fifteen days after its filing. The filing of such a request shall not be grounds for failure or refusal by a witness to testify in any such non-public investigatory proceeding until the request has been acted upon, and such testimony shall not constitute a waiver of any rights the witness may have to obtain a copy of the official transcript of his testimony.

§ 222.28 Counsel for witnesses in investigations.

(a) Any person appearing in an investigation or investigatory proceeding conducted pursuant to this part may be accompanied, represented, and advised by counsel, but such counsel may not represent any other witness, or any other person being investigated, unless permitted in the discretion of the authorized person conducting the investigation, or of the Chairman, Federal Petroleum Board, upon being satisfied that there is no conflict of interest in such representation and that the presence of identical counsel for other witnesses or persons being investigated would not tend to hinder the course of the investigation.

(b) Counsel appearing with a person or witness, as provided in paragraph (a) of this section, shall be limited to attorneys at law permitted to practice before the courts of any State, Territory, or the District of Columbia.

§ 222.29 Suspension or exclusion of counsel.

The Chairman, Federal Petroleum Board, may, for good cause, issue an order requiring any counsel appearing with a person or witness during an investigation or investigatory proceeding to show cause why he should not be suspended or excluded for the duration of the investigation or investigatory proceeding in which he has so appeared, by reason of disorderly or contemptuous conduct in the course of any such investigation or proceeding. Such counsel shall be granted due opportunity to be heard in his own defense. Thereafter, if warranted by the facts, the Chairman may issue an order of reprimand, suspension, or exclusion against such counsel. In the event such order is one of suspension or exclusion, the person or witness shall be given the right and opportunity to retain other counsel.

§ 222.30 Witness fees.

Any person compelled to appear in person in an investigation or investigatory proceeding conducted pursuant to this part shall be entitled to fees and mileage to the extent authorized under section 10 of the Administrative Expenses Act of 1946 (60 Stat. 809, 5 U.S.C. 95a).

(Sec. 5, 49 Stat. 31; 15 U.S.C. 715d; E.O. 10752, 23 F.R. 973, 3 CFR 1958 Supp.)

It has become apparent that the authority to conduct investigations under the Connally Act should be extended beyond the areas designated in 30 CFR 222.1 and that procedural rules relating to the conduct of investigations should be promulgated promptly. In these circumstances, it would not be in the public interest either to give notice of proposed rule making or to delay the effective date of these amendments to 30 CFR Part 222. Accordingly, these amendments shall become effective upon their publication in the FEDERAL REGISTER.

STEWART L. UDALL,
Secretary of the Interior.

JUNE 11, 1963.

8:48 a.m.]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

SUBCHAPTER E—AIRSPACE [NEW]

[Airspace Docket No. 62-WA-133]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

Designation of Positive Control Area

On March 15, 1963, a notice of proposed rule making was published in the FEDERAL REGISTER (28 F.R. 2530) stating that the Federal Aviation Agency (FAA) proposed to designate as positive control area the airspace from flight level 240 to and including flight level 600 in portions of the areas of jurisdiction of the Phoenix, Albuquerque and Salt Lake City air route traffic control centers.

The Air Transport Association of America endorsed the proposal. The Department of the Navy concurred in the action and submitted for consideration comments on the operational requirements. No other comments were received.

Interested persons have been afforded an opportunity to participate in the making of the rule herein adopted, and due consideration has been given to all relevant matter presented.

The substance of the proposed amendment having been published, therefore, and for the reasons stated in the notice, the following action is taken: In § 71.193 (27 F.R. 220-157, November 10, 1962) the following is added:

Phoenix, Ariz.

That airspace within the continental control area from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 32°15'00" N., longitude 114°00'00" W.; thence to latitude 34°02'00" N., longitude 114°00'00" W.; thence to latitude 34°11'00" N., longitude 113°30'00" W.; thence to latitude 34°58'00" N., longitude 113°30'00" W.; thence to latitude 35°23'00" N., longitude 112°40'00" W.; thence to latitude 35°26'00" N., longitude 112°00'00" W.; thence to latitude 37°15'00" N., longitude 112°00'00" W.; thence to latitude 37°48'00" N., longitude 110°46'00" W.; thence to latitude 38°08'00" N., longitude 106°38'00" W.; thence to latitude 36°43'00" N., longitude 106°05'00" W.; thence to latitude 35°26'00" N., longitude 110°00'00" W.; thence to latitude 31°20'00" N., longitude 110°00'00" W.; thence westward along the U.S.-Mexican border to the point of beginning.

This amendment shall become effective 0201 e.s.t., July 25, 1963 except that implementation of positive control in the portion south of latitude 35°26'00" N. will not commence until 0201 e.s.t., August 22, 1963.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

Issued in Washington, D.C., on June 11, 1963.

W. THOMAS DEASON,
Assistant Chief,
Airspace Utilization Division.

[F.R. Doc. 63-6303; Filed, June 14, 1963; 8:45 a.m.]

Title 45—PUBLIC WELFARE

Chapter I—Office of Education, Department of Health, Education, and Welfare

PART 102—VOCATIONAL EDUCATION IN AGRICULTURE, DISTRIBUTIVE OCCUPATIONS, HOME ECONOMICS, AND TRADES AND INDUSTRIES, INCLUDING THE FISHERY TRADES AND INDUSTRY, AND IN AREA VOCATIONAL EDUCATION PROGRAMS

Reimbursable Costs of State Administration

Paragraph (b) of § 102.26 of Part 102, 45 CFR (23 F.R. 1031, February 18, 1958, as amended) issued pursuant to the Act of February 23, 1917, as amended (39 Stat. 929) and titles I and III of the Vocational Education Act of 1946, as amended (60 Stat. 775) 20 U.S.C. 11 et seq., dealing with an enumeration of items of reimbursable costs of State administration, is hereby amended by deleting the words "such items as the following," after the word "include" and by revising item (6) of such paragraph to include the costs of employer contributions to certain welfare funds maintained for one or more general classes of employees of the State agency. As so amended, § 102.26(b) reads as follows:

§ 102.26 State program of administration.

(b) The costs of administration for which funds may be used include, to the extent that they are attributable to the State administration of vocational education: (1) Salaries of administrative staff, both professional and clerical, (2) Communication, (3) Supplies, (4) Printing, (5) Rental of space, light, heat, and janitor service, if the space used is not publicly owned and suitable space is not available in publicly owned buildings, (6) Employer's contributions to retirement, workmen's compensation, and other welfare funds maintained for one or more general classes of employees of the State agency, and (7) The cost of travel, research, and other costs as provided in the following sections.

(39 Stat. 929, 60 Stat. 775, as amended; 20 U.S.C. 11-15, 16-28, 151-15q, 15aaa-15ggg)

Dated: April 29, 1963.

[SEAL] FRANCIS KEPPEL,
U.S. Commissioner of Education.

Approved: June 10, 1963.

ANTHONY J. CELEBREZZE,
Secretary of Health, Education,
and Welfare.

PART 103—VOCATIONAL EDUCATION IN PRACTICAL NURSING

Reimbursable Costs of State Administration

Section 103.11 of Part 103, 45 CFR (23 F.R. 3100, May 9, 1958) issued pursuant to title II of the Vocational Education Act of 1946, as amended (70 Stat. 925-929) 20 U.S.C. 15aa-15jj, dealing with the reimbursable costs of a State retirement system, is hereby amended by revising the first sentence and by revising paragraph (d) of such section to include the costs of employer contributions to certain welfare funds maintained for one or more general classes of employees of the State agency. As so amended, § 103.11(d) reads as follows:

§ 103.11 Reimbursable costs of carrying out the State plan.

The expenditures which are reimbursable include, to the extent that they are incurred for the purposes of title II:

(d) Employer's contributions to retirement, workmen's compensation, and other welfare funds maintained for one or more general classes of employees of the State agency.

(70 Stat. 925-929; 20 U.S.C. 15aa-15jj)

Dated: April 29, 1963.

[SEAL] FRANCIS KEPPEL,
U.S. Commissioner of Education.

Approved: June 10, 1963.

ANTHONY J. CELEBREZZE,
Secretary of Health, Education,
and Welfare.

PART 3—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

Nonalcoholic Carbonated Beverages; Extension of Effective Date for Termination of Exemption for Label Declaration of Ingredients

In the FEDERAL REGISTER of May 16, 1962 (27 F.R. 4623), the Commissioner of Food and Drugs announced the termination of the exemption from the label declaration of ingredients requirements of section 403(i) (2) of the Federal Food, Drug, and Cosmetic Act for nonalcoholic carbonated beverages. During the past year, the American Bottlers of Carbonated Beverages has discussed proposed standards of identity for these products. Under date of June 7, 1963, the Association assured the Commissioner that a petition for such standards will be filed with the Hearing Clerk, on or before August 15, 1963.

On the basis of this representation, the effective date of the termination of

exemption is accordingly changed to September 15, 1963.

Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 701(a), 52 Stat. 1055; 21 U.S.C. 371(a)) and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (25 F.R. 8625), § 3.1 *Termination of exemption for designated foods for which label declaration of ingredients has not been required pending standardization* is amended by changing paragraph (b) to read:

(b) Effective September 15, 1963, the exemption from the label declaration of ingredients requirements of section 403 (i) (2) of the Federal Food, Drug, and Cosmetic Act is terminated for nonalcoholic carbonated beverages.

(Sec. 701(a), 52 Stat. 1055; 21 U.S.C. 371(a))

Dated: June 12, 1963.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 63-6333; Filed, June 14, 1963;

Title 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[RM-298; FCC 63-516]

PART 2—FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

PART 12—AMATEUR RADIO SERVICE

Availability of Frequencies for Use by Amateur Service on Shared Basis With Loran Stations

1. The Commission's order of February 13, 1963, in the above-captioned matter (FCC 63-137) was published in the FEDERAL REGISTER on February 22, 1963 (28 F.R. 1734). Among other things, that order relieved certain restrictions on amateur operation in the band 1800-2000 kc/s.

2. The Commission's report and order adopted on April 10, 1963, in the same matter (FCC 63-318) was published in the FEDERAL REGISTER on April 16, 1963 (28 F.R. 3696). This report and order further relieved restrictions on amateur operation in the 1800-2000 kc/s band but advised the public that it would become necessary to extend the Loran-A system of radionavigation operations on 1900 kc/s to the area of the Gulf of Mexico beginning June 1, 1963. The report and order stated further that the Commission would amend its rules to restrict amateur operation in other respects in the bands 1875-1900 and 1900-1925 kc/s as a consequence of the extended Loran-A operation.

3. The Commission has now been advised that Loran-A operations on 1900 kc/s will not commence until July 1, 1963. The revised sharing conditions reflect some relaxation of the sharing

criteria with the radionavigation system as a result of higher powered Loran transmitters and the use of improved receivers, and are made with a precautionary note that prompt and appropriate adjustment of the amateur radio service restrictions will be necessary if interference should be caused to the Loran-A service.

4. Because of the nature of Government requirements and the national defense considerations involved herein, the Commission finds that it is impracticable, unnecessary and contrary to the public interest to comply with the public notice and effective date requirements of section 4 of the Administrative Procedure Act.

5. In view of the foregoing: *It is ordered*, That, pursuant to the authority contained in sections 4 (i), (j) and 303

(c), (f) and (r) of the Communications Act of 1934, as amended, Parts 2 and 12 of the Commission's rules are amended as set forth below, effective June 30, 1963.

(Sec. 4, 48 Stat. 1066, as amended; 47 U.S.C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U.S.C. 303)

Adopted: June 5, 1963.

Released: June 10, 1963.

FEDERAL COMMUNICATIONS

COMMISSION,

[SEAL]

BEN F. WAPLE,

Acting Secretary.

§ 2.106 [Amendment]

1. Paragraph (a) (4) of footnote NG15 to § 2.106 is amended to read as follows:

[F.R. Doc. 63-6291; Filed, June 14, 1963; 8:55 a.m.]

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

SUBCHAPTER B—HUNTING AND POSSESSION OF WILDLIFE

PART 10—MIGRATORY BIRDS

Miscellaneous Amendments

By notices of proposed rule making published respectively in the FEDERAL

REGISTERS of May 1, 1963 (28 F.R. 4305) and May 2, 1963 (28 F.R. 4359), notification was given that the Secretary of the Interior proposed to amend Part 10, Title 50, Code of Federal Regulations, to specify open seasons, certain closed seasons, shooting hours, bag and possession limits, hunting methods, and possession, transportation, and importation controls for migratory game birds.

In this connection the public was notified of specific amendments to §§ 10.2 and 10.52 of Part 10 which were being proposed for immediate consideration. The text of these specific amendments

was set forth in detail and interested persons invited to submit their written views on these proposals to the Director, Bureau of Sport Fisheries and Wildlife, within 30 days following the date of publication in the FEDERAL REGISTER.

The amendment to § 10.2 merely adds a definition of the term "Personal abode" to the regulations for clarification purposes and does not reflect any change in the intent, purpose, or effect of the regulations.

The amendment to § 10.52 specifies open seasons, certain closed seasons, shooting hours, and bag and possession limits for doves and pigeons in Puerto Rico and the Virgin Islands.

Accordingly, after giving due consideration to the comments received within the 30-day period and to all other relevant matters presented, the specific amendments proposed are adopted as set forth below with the following change. The open season dates for taking doves and pigeons in Puerto Rico will be from June 29 through September 29 rather than from July 1 through September 30 as proposed.

The taking of doves and pigeons in Puerto Rico and the Virgin Islands is presently prohibited. These amendments will permit the taking of these species within designated periods of time beginning as early as June 29, 1963. Since these amendments benefit the public by relieving existing restrictions and serve to clarify existing regulations, they shall become effective upon publication in the FEDERAL REGISTER.

1. Section 10.2 is amended by adding a new paragraph (m) to read as follows:

§ 10.2 Definitions of terms.

(m) *Personal abode.* One's principal or ordinary home or dwelling place, as distinguished from his temporary or transient place of abode or dwelling such as a hunting club, or any club house, cabin, tent or trailer house used as a hunting club, or any hotel, motel, or rooming house used during a hunting, pleasure, or business trip.

2. Section 10.52 is amended to read as follows:

§ 10.52 Migratory game bird hunting seasons for Puerto Rico and the Virgin Islands.

Subject to the applicable provisions of the preceding sections of this part, the open seasons (dates inclusive), the shooting hours, and the daily bag and possession limits on the species designated in this section are prescribed as follows:

(a) *Puerto Rico.*

	Doves (all species) (singly or in the aggregate)	Pigeons (all species) (singly or in the aggregate)
Daily bag limit.....	15	8 ¹
Possession limit.....	15	8 ¹
Open season dates.....	June 29–Sept. 29...	June 29–Sept. 29.
Shooting hours.....	One-half hour before sunrise until sunset.	

¹ On Mona Island the daily bag and possession limit on pigeons is 15, singly or in the aggregate of all species.

RULES AND REGULATIONS

(b) *Virgin Islands.*

	Doves (all species) (singly or in the aggregate)	Pigeons ¹ (red-neck only)
Daily bag limit...	10	5
Possession limit...	10	10
Open season dates...	July 15-Sept. 1...	July 15-Sept. 1.
Shooting hours....	One-half hour before sunrise until sunset.	

¹ Closed season on all other species except red-neck.

(Sec. 3, 40 Stat. 755, as amended; 16 U.S.C. 704; E.O. 10250, 16 F.R. 5385, 3 CFR, 1949-1953 Comp., p. 757)

STEWART L. UDALL,
Secretary of the Interior.

Title 48—TRADE AGREEMENTS AND ADJUSTMENT ASSISTANCE PROGRAMS

Chapter I—Presidential Documents

SUBCHAPTER A—ORGANIC ORDERS

PART 1—ADMINISTRATION OF THE TRADE AGREEMENTS PROGRAM

Amendment of Executive Order

Paragraph (c) of § 1.2 is revised to read as set forth below by Executive Order 11113, *supra*.

§ 1.2 Office of Special Representative.

* * * * *

(c) There shall be in the said Office two officers, each of whom shall have the title "Deputy Special Representative for Trade Negotiations", with the rank of Ambassador. The principal functions of each shall be to conduct negotiations under title II of the Act, and each shall perform such additional duties as the Special Representative may direct.

Proposed Rule Making

FEDERAL AVIATION AGENCY

[14 CFR Part 71 [New]]

[Airspace Docket No. 62-WE-149]

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

Notice is hereby given that the Federal Aviation Agency (FAA) is considering amendments to Part 71 [New] of the Federal Aviation Regulations, the substance of which is stated below.

The following controlled airspace is presently designated in the Twin Falls, Idaho, terminal area:

1. The Twin Falls control zone is designated within a 5-mile radius of Twin Falls Municipal Airport, and within 2 miles either side of the Twin Falls VOR 086° and 279° True radials extending from the 5-mile radius zone to 8 miles east and 8 miles west of the VOR, from 0700 to 0100 hours, local time, daily.

2. The Twin Falls transition area is designated as that airspace extending upward from 1,200 feet above the surface within 20 miles west and 15 miles east of the Twin Falls VOR 180° and 360° True radials, extending from 10 miles south to 29 miles north of the VOR, excluding the airspace within Federal airways.

The FAA, having completed a comprehensive review of the terminal airspace structure requirements in the Twin Falls terminal area as a result of the studies associated with the implementation of CAR amendments 60-21/60-29, has under consideration the following airspace actions:

1. Alter the Twin Falls control zone by redesignating it to comprise that airspace within a 5-mile radius of Twin Falls Municipal Airport (latitude 42°29'05" N., longitude 114°29'15" W.), and within 2 miles each side of the Twin Falls VOR 086° True radial, extending from the 5-mile radius zone to 7 miles east of the VOR, from 0700 to 0100 hours, local time, daily.

2. Alter the Twin Falls transition area by redesignating it to comprise that airspace extending upward from 700 feet above the surface within a 7-mile radius of the Twin Falls VOR; within 2 miles each side of the Twin Falls VOR 195° True radial, extending from the 7-mile radius area to 10 miles south of the VOR, and within 2 miles each side of the Twin Falls VOR 086° True radial, extending from the 7-mile radius area to 8 miles east of the VOR; and that airspace extending upward from 1,200 feet above the surface within a 14-mile radius of the Twin Falls VOR, extending clockwise from the VOR 038° True radial to the VOR 311° True radial; within a 27-mile radius of the Twin Falls VOR, extending clockwise from the VOR 311° True Radial to the VOR 038° True radial, and within 9 miles southwest and

6 miles northeast of the Twin Falls VOR 311° True radial, extending from the VOR to 39 miles northwest of the VOR.

The actions proposed herein would, in part, alter the Twin Falls control zone by reducing the control zone east extension from 8 to 7 miles east of the VOR and revoke the control zone west extension. Those portions released would no longer be required for air traffic control purposes. The portion of the Twin Falls transition area with a floor of 700 feet above the surface would provide additional controlled airspace required for the protection of aircraft executing prescribed VOR approach procedures and departure procedures at the Twin Falls Municipal Airport. The portion of the transition area with a floor of 1,200 feet above the surface would provide protection for aircraft while holding at the Twin Falls VOR, the Jerome Intersection (intersection of the Twin Falls 013° and the Burley, Idaho, VOR 292° True radials), the Buhl Intersection (intersection of the Twin Falls VOR 311° and the Burley, 271° True radials) and for the portions of the instrument approach and departure procedures conducted above 1,500 feet above the surface.

The floors of airways that traverse the proposed transition area would automatically coincide with the floors of the transition area. In addition, the portion of the Mountain Home, Idaho, control area extension which falls within the lateral limits of the proposed transition area will automatically assume a floor coincident with that of the transition area. Revocation of the Mountain Home control area extension will be processed at a later date as a part of the Mountain Home terminal area CAR Amendment 60-21/60-29 implementation study.

Certain minor revisions to prescribed instrument procedures would accompany the actions proposed herein, but operational complexities would not be increased nor would aircraft performance characteristics or established minimums be adversely affected.

Specific details of the changes in procedures and minimum instrument flight rule altitudes that would be required attendant to the implementation of Amendments 60-21 and 60-29 in this area may be examined by contacting the Chief, Airspace Utilization Branch, Air Traffic Division, Western Region, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 9, Calif.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Western Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 5651 West Manchester Avenue, P.O. Box 90007, Airport Station, Los Angeles 9, Calif. All communications received within forty-five days after publication of this notice in the

FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on June 11, 1963.

W. THOMAS DEASON,
Assistant Chief,
Airspace Utilization Division.

[14 CFR Part 71 [New]]

[Airspace Docket No. 63-CE-52]

FEDERAL AIRWAYS AND ASSOCIATED CONTROL AREAS

Proposed Alteration

Notice is hereby given that the Federal Aviation Agency (FAA) is considering amendments to Part 71 [New] of the Federal Aviation Regulations, the substance of which is stated below.

VOR Federal airway Nos. 38, 144 and 853 are designated in part from Peotone, Ill., direct to Fort Wayne, Ind. VOR Federal airway No. 177 is designated in part from Chicago Heights, Ill., via the intersection of Chicago Heights 140° True radial and the Peotone to Fort Wayne direct radial to Fort Wayne. VOR Federal airway No. 55 west alternate is designated in part from Fort Wayne via the intersection of the Fort Wayne to Peotone direct radial and Goshen 168° True radial to Goshen. VOR Federal airway No. 1520 is designated in part from Peotone direct to Fort Wayne as a 12-mile wide airway.

The Federal Aviation Agency is considering the following actions:

1. Redesignate Victor 38, 144 and 853 from Peotone via a new VOR to be installed approximately June 15, 1963, in the vicinity of Monterey, Ind., at approx-

imately latitude 41°08'16" N., longitude 86°19'06" W., to Fort Wayne (8-mile wide airway from Peotone to Monterey).

2. Realign Victor 177 from Chicago Heights via the intersection of Chicago Heights 140° and Monterey 276° True radials (Demotte Intersection); Monterey; to Fort Wayne (8-mile wide airway from Demotte Intersection to Monterey).

3. Realign Victor 55 west alternate from Fort Wayne to Goshen via the intersection of Fort Wayne 281° and Goshen 168° True radials.

4. Realign Victor 1520 from Peotone via the intersection of Peotone 096° and Fort Wayne 281° True radials; to Fort Wayne.

The proposed realignment of Victors 38, 144, 177 and 853 via the Monterey VOR would provide better en route navigational guidance between Peotone/Chicago Heights and Fort Wayne. The realignment of Victors 177 and 55 west alternate is necessary to retain a common alignment with segments of altered Victors 38, 144 and 853. The reduced width of Victors 38, 144, 177 and 853 would permit simultaneous use of altitudes on these airways and VOR Federal airway Nos. 422 and 855 in the vicinity of and westward from Knox, Ind. The proposed realignment of Victor 1520 would retain its common alignment with altered Victors 38, 144, 177 and 853.

The vertical extent of the control areas associated with these airway segments would remain as designated pending review of the adjacent airspace. Separate actions will be initiated to implement on an area basis Amendment 60-21 to Part 60 of the Civil Air Regulations.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Central Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City 10, Mo. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation

Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on June 11, 1963.

W. THOMAS DEASON,
Assistant Chief,
Airspace Utilization Division.

[14 CFR Part 75 [New]]

[Airspace Docket No. 62-CE-50]

JET ROUTES

Proposed Alteration

Notice is hereby given that the Federal Aviation Agency (FAA) is considering amendments to Part 75 [New] of the Federal Aviation Regulations, the substance of which is stated below.

Jet Route No. 16 presently extends in part from the Mason City, Iowa, VORTAC via the intersection of the Mason City VORTAC 109° and the Northbrook, Ill., VORTAC 276° True radials; the Northbrook VORTAC; the Pullman, Mich., VORTAC; to the Peck, Mich., VORTAC. The FAA has under consideration the realignment of this segment of J-16 from the Mason City VORTAC via the Milwaukee, Wis., VORTAC; the intersection of the Milwaukee VORTAC 088° and the Peck VORTAC 269° True radials; to the Peck VORTAC.

Jet Route No. 82 presently extends from the Joliet, Ill., VORTAC to the Boston, Mass., VORTAC. The FAA has under consideration the extension of J-82 westward from the Joliet VORTAC via the intersection of the Joliet VORTAC 316° and the Northbrook VORTAC 274° True radials; the intersection of the Northbrook VORTAC 274° and the Fort Dodge, Iowa, VOR 096° True radials; the Fort Dodge VOR; to the Sioux Falls, S. Dak., VORTAC.

Jet Route No. 84 presently extends in part from the Des Moines, Iowa, VORTAC via the intersection of the Des Moines VORTAC 067° and the Northbrook VORTAC 276° True radials to the Northbrook VORTAC. The FAA has under consideration the realignment of this segment of J-84 from the Des Moines VORTAC via the intersection of the Des Moines VORTAC 066° and the Northbrook VORTAC 274° True radials to the Northbrook VORTAC.

Jet Route No. 90 presently extends in part from the Mason City VORTAC via the intersection of the Mason City VORTAC 109° and the Northbrook VORTAC 276° True radials to the Northbrook VORTAC. The FAA has under consideration the realignment of J-90 from the Mason City VORTAC via the intersection of the Mason City VORTAC 095° and the Northbrook VORTAC 293° True radials to the Northbrook VORTAC.

Jet Route No. 94 presently extends in part from the O'Neill, Nebr., VORTAC via the Mason City VORTAC; the Milwaukee VORTAC; the intersection of the Milwaukee VORTAC 088° and the Peck VORTAC 269° True radials; to the Peck VORTAC. The FAA has under consideration the realignment of this segment of J-94 from the O'Neill VORTAC via

the Fort Dodge VORTAC; the intersection of the Fort Dodge VORTAC 096° and the Northbrook VORTAC 274° True radials; the Northbrook VORTAC; the Pullman VORTAC; to the Peck VORTAC.

The increased civil jet activity at Chicago O'Hare International Airport and the expansion of area positive control west of Chicago require modification of the jet route structure. The above proposed actions would establish a more efficient jet route structure, reduce inter-center coordination, and enhance the traffic handling capabilities in the Chicago, Kansas City, and Minneapolis air route traffic control center areas.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Assistant Administrator, Central Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City 10, Mo. All communications received within thirty days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Division Chief.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on June 11, 1963.

W. THOMAS DEASON,
Assistant Chief,
Airspace Utilization Division.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 915]

HANDLING OF AVOCADOS GROWN IN SOUTH FLORIDA

Proposed Expenses and Fixing of Rate of Assessment for 1963-64 Fiscal Year

Consideration is being given to the following proposals submitted by the

Avocado Administrative Committee established under the marketing agreement, as amended, and Order No. 915 (7 CFR Part 915), regulating the handling of avocados grown in south Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), as the agency to administer the terms and provisions thereof:

(a) That the Secretary of Agriculture find that expenses not to exceed \$9,000 will be necessarily incurred by said committee during the fiscal year April 1, 1963, through March 31, 1964, for its maintenance and functioning under the aforesaid amended marketing agreement and order; and

(b) That the Secretary of Agriculture fix, as the share of such expenses which each handler who first handles avocados shall pay during the fiscal year in accordance with the aforesaid amended marketing agreement and order, the rate of assessment of three cents (\$0.03) per bushel, or equivalent quantity of avocados handled by such handler during such fiscal year.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals should file the same with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Room 2077, South Building, Washington 25, D.C., not later than the 10th day after the publication of this notice in the FEDERAL REGISTER.

Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order.

Dated: June 12, 1963.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Agricultural Mar-
keting Service.

[7 CFR Part 990]

HANDLING OF CENTRAL CALIFORNIA GRAPES FOR CRUSHING

Proposed Compensation for Handlers

Notice is hereby given of a proposal submitted by the Grape Crush Administrative Committee to amend § 990.401 of the Subpart—Establishment of Handler Charges (7 CFR Part 990)—by adding a paragraph (d) to compensate handlers for costs incurred by them during the crop year beginning July 1, 1963, in connection with the storage of setaside from grapes for crushing received by them

during the period beginning August 26, 1961, and ending June 30, 1962. The subpart is pursuant to the marketing agreement and Order No. 990 (7 CFR Part 990), regulating the handling of Central California grapes for crushing, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

Consideration will be given to any written data, views, or arguments pertaining to the proposal which are received by the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D.C., not later than the sixth day after the date of publication of this notice in the FEDERAL REGISTER.

The proposal follows:

1. Amend paragraph (a) (1) of § 990.401 by deleting the phrase "paragraph (b) of".

2. Add the following paragraph (d) to § 990.401:

(d) *Compensation for costs incurred during the crop year beginning July 1, 1963.* Each handler holding proof gallons of products, or the concentrate equivalent thereof, for the account of the Committee during the crop year beginning July 1, 1963, in satisfaction of a setaside obligation incurred during the period beginning August 26, 1961, and ending June 30, 1962, shall be compensated for the costs incurred thereby during the 1963-64 crop year. Compensation shall be \$3.29 per ton of fresh grapes and \$5.88 per ton of raisin residual material and shall be applicable to the original fruit weight equivalent of that quantity of the setaside so held. However, if the Committee notifies the handler by July 15, 1963, of its intent to remove the setaside from handler's premises and removes such setaside by October 1, 1963, the compensation shall not exceed the amount actually paid by the handler for insurance premiums for the period of storage after June 30, 1963. Likewise, if the Committee removes the setaside from the handler's storage at any time during the crop year beginning July 1, 1963, pursuant to a request from the handler, the compensation shall not exceed the actual amount paid by the handler for insurance and taxes for the period of storage after June 30, 1963. Payment of the compensation shall be made by the Committee within a reasonable time after removal of setaside from storage, or at the end of the 1963-64 crop year, whichever is earlier.

Dated: June 12, 1963.

FLOYD F. HEDLUND,
Director,
Fruit and Vegetable Division.

[F.R. Doc. 63-6332; Filed, June 14, 1963;
8:50 a.m.]

[9 CFR Part 201]

PACKERS AND STOCKYARDS

Proposed Automatic Recording of Weight

The purpose of the following proposal is to require stockyard owners, market agencies, dealers and packers to issue scale tickets in livestock transactions on which the weight has been stamped or printed mechanically by a device which is a part of the scale such as a type-registering weighbeam or an automatic weight recorder. The Division has, for many years, recommended that livestock scales subject to the provisions of the Packers and Stockyards Act be so equipped, so as to eliminate errors in recording weights, and to reduce the opportunity for altering weights on scale tickets. At the present time, approximately 85 percent of the scales subject to the Act are equipped to issue printed scale tickets. All terminal market scales and approximately 93 percent of the auction market scales have such devices. This regulation will not require the installation of new scales. It would require the installation by January 1, 1965, of type-registering weighbeams or automatic weight recorders or similar device on scales not now so equipped.

Notice is hereby given, in accordance with section 4 of the Administrative Procedure Act (5 U.S.C. 1003), that it is proposed to amend § 201.71 (9 CFR 201.71) and § 201.78 (9 CFR 201.78) of the regulations under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), by adding the following sentence after the first sentence in each of the above sections—"All livestock scales shall be equipped not later than January 1, 1965, with a type-registering weighbeam, automatic weight recorder, or a similar device which shall be used for printing or stamping the weight values on scale tickets."

Any person who wishes to submit written data, views, or arguments concerning the proposed amendment may do so by filing them with the Director, Packers and Stockyards Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington 25, D.C., not later than July 1, 1963.

Done at Washington, D.C., this 11th day of June 1963.

CLARENCE H. GIRARD,
Deputy Administrator,
Regulatory Programs.

DEPARTMENT OF THE TREASURY

Coast Guard

[CGFR 63-28]

EQUIPMENT, INSTALLATIONS, OR MATERIALS

Approvals

1. Various items of lifesaving, fire-fighting, and miscellaneous equipment, installations, and materials used on merchant vessels subject to Coast Guard inspection or on certain motorboats and other pleasure craft are required by law and various regulations in 46 CFR Chapter I to be of types approved by the Commandant, United States Coast Guard. The procedures governing the granting of approvals, and the cancellation, termination or withdrawal of approvals are set forth in 46 CFR 2.75-1 to 2.75-50, inclusive. For certain types of equipment, installations, and materials, specific specifications have been prescribed by the Commandant and are published in 46 CFR Parts 160 to 164, inclusive (Subchapter Q—Specifications), and detailed procedures for obtaining approvals are also described therein.

2. The Commandant's approval of a specific item is intended to provide a control over its quality. Therefore, such approval applies only to the item constructed or installed in accordance with the applicable requirements and the details described in the specific approval. If a specific item when manufactured does not comply with the details in the approval, then such item is not considered to have the Commandant's approval, and the certificate of approval issued to the manufacturer does not apply to such modified item. For example, if an item is manufactured with changes in design or material not previously approved, the approval does not apply to such modified item.

3. After a manufacturer has submitted satisfactory evidence that a particular item complies with the applicable laws and regulations, a Certificate of Approval (Form CGHQ-10030) will be issued to the manufacturer certifying that the item specified complies with the applicable laws and regulations and approval is given, which will be in effect for a period of 5 years from the date given unless sooner canceled or suspended by proper authority.

4. The purpose of this document is to notify all concerned that certain approvals were granted, as described in this document, during the period from March 8 to March 29, 1963. These actions were taken in accordance with procedures set forth in 46 CFR 2.75-1 to 2.75-50, inclusive.

5. The delegations of authority for the Coast Guard's actions with respect to approvals may be found in Treasury De-

partment Orders 120 dated July 31, 1950 (15 F.R. 6521), 167-14 dated November 26, 1954 (19 F.R. 8026), 167-15 dated January 3, 1955 (20 F.R. 840), 167-20 dated June 18, 1956 (21 F.R. 4894), CGFR 56-28 dated July 24, 1956 (21 F.R. 5659), or 167-38 dated October 26, 1959 (24 F.R. 8857), and the statutory authority may be found in R.S. 4405, as amended, 4462, as amended, 4488, as amended, 4491, as amended, secs. 1, 2, 49 Stat. 1544, as amended, sec. 17, 54 Stat. 166, as amended, sec. 3, 54 Stat. 346, as amended, sec. 3, 70 Stat. 152 (46 U.S.C. 375, 416, 481, 489, 367, 526p, 1333, 390b), sec. 4(e), 67 Stat. 462 (43 U.S.C. 1333(e)), or sec. 3(c), 68 Stat. 675 (50 U.S.C. 198), and implementing regulations in 46 CFR Chapter I or 33 CFR Chapter I.

6. In Part I of this document are listed the approvals granted which shall be in effect for a period of 5 years from the dates granted, unless sooner canceled or suspended by proper authority.

PART I—APPROVALS OF EQUIPMENT, INSTALLATIONS, OR MATERIALS

LIFE PRESERVERS, Balsa Wood (JACKET TYPE) MODELS 42 AND 46

Approval No. 160.004/17/0, Model 42, adult balsa wood life preserver, U.S.C.G. Specification Subpart 160.004, manufactured by The Peoples Co., 712 Buffington Street, Huntington 2, West Virginia, effective March 25, 1963. (It is an extension of Approval No. 160.004/17/0 dated March 25, 1958.)

Approval No. 160.004/18/0, Model 46, child balsa wood life preserver, U.S.C.G. Specification Subpart 160.004, manufactured by The Peoples Co., 712 Buffington Street, Huntington 2, West Virginia, effective March 25, 1963. (It is an extension of Approval No. 160.004/18/0 dated March 25, 1958.)

WINCHES, LIFEBOAT

Approval No. 160.015/15/1, Type H-68 lifeboat winch for use with mechanical davits, fitted with wire rope not more than 1/2 inch in diameter and with not more than 7 wraps of the falls on the drums, approved for maximum working load of 6,800 pounds pull at the drums (3,400 pounds per fall), identified by general arrangement dwg. No. 2564 dated March 29, 1943, and revised December 11, 1952, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 18, 1963. (It is an extension of Approval No. 160.015/15/1 dated March 18, 1958.)

Approval No. 160.015/70/0, Type H-68 RA lifeboat winch for use with mechanical davits, fitted with wire rope not more than 1/2-inch in diameter and with not more than 7 wraps of the falls on the drums; approved for a maximum working load of 6,800 pounds pull at the drums (3,400 pounds per fall); identified by general arrangement dwg. No. 80115, Rev. C dated January 21, 1958, micarta

washers not less than 1/8" thick to be inserted between winch base and foundation; stainless steel bolts to secure winch base to foundation as shown on dwg. No. 80115, Rev. C dated January 21, 1958, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.015/70/0 dated March 25, 1958.)

Approval No. 160.015/72/1, Type B-135-H lifeboat winch with wire ropes having horizontal lead from bottom drum; approval is limited to mechanical components only and for a maximum working load of 13,500 pounds pull at the drums (6,750 pounds per fall); identified by general arrangement dwg. No. 80218, Rev. A dated February 18, 1959; fitted with an extra label plate defining maximum lead per fall as follows:

With Improved Plow Steel 6 x 19 x 3/4" wire rope—6,750 pounds.

With Improved Plow Steel 6 x 19 x 5/8" wire rope—5,567 pounds, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It supersedes Approval No. 160.015/72/0 dated March 25, 1958.)

Approval No. 160.015/74/0, Type B-135-HE lifeboat winch for use with emergency lifeboat and with wire ropes having horizontal lead from bottom drum; approval is limited to mechanical components only and for a maximum working load of 9,000 pounds pull at the drums (4,500 pounds per fall); identified by general arrangement dwg. No. 80189, Rev. A dated November 15, 1957; fitted with an extra label plate defining maximum load per fall as follows:

With Improved Plow Steel 6 x 19 x 9/16" wire rope—4,500 pounds.

With Improved Plow Steel 6 x 19 x 1/2" wire rope—3,567 pounds, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.015/74/0 dated March 25, 1958.)

SIGNAL PISTOLS FOR PARACHUTE RED FLARE DISTRESS SIGNALS

Approval No. 160.028/9/0, Kilgore Marine Signal Pistol, Model A, assembly dwg. No. MSP-1, Rev. 1 dated January 28, 1953, manufactured by Harvell-Kilgore Sales Corp., Bolivar, Tennessee, effective March 18, 1963. (It is an extension of Approval No. 160.028/9/0 dated March 18, 1958, and change of name and address of manufacturer.)

DAVITS

Approval No. 160.032/152/0, Gravity davit, Type G-195-S, approved for a maximum working load of 39,000 pounds per set (19,500 pounds per arm) using two-part falls, identified by sectional view dwg. No. 3630A dated October 24, 1957, manufactured by Welin Davit and

Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.032/152/0 dated March 25, 1958.)

MECHANICAL DISENGAGING APPARATUS, LIFEBOAT

Approval No. 160.033/4/2, Rottmer type, size C releasing gear, approved for maximum working load of 18,300 pounds per set (9,150 pounds per hook), identified by general arrangement dwg. No. 1498-5 dated January 8, 1951, and revised September 16, 1957, manufactured by C. C. Galbraith & Son, Inc., 99 Park Place, New York 7, New York, effective March 25, 1963. (It is an extension of Approval No. 160.033/4/2 dated March 25, 1958.)

Approval No. 160.033/26/2, Rottmer type, size 297 releasing gear, approved for a maximum working load of 40,570 pounds per set (20,285 pounds per hook), identified by assembly dwg. No. 60049 dated July 8, 1957, and revised December 2, 1957, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.033/26/2 dated March 25, 1958.)

LIFEBOATS

Approval No. 160.035/35/2, 18.0' x 5.83' x 2.58' steel, oar-propelled lifeboat, 16-person capacity, identified by construction and arrangement dwg. No. 2940 dated July 21, 1952, and revised February 7, 1958, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.035/35/2 dated March 25, 1958.)

Approval No. 160.035/213/2, 12.0' x 4.4' x 1.9' steel, oar-propelled lifeboat, 6-person capacity, identified by general arrangement dwg. No. G-1206-S dated November 29, 1957; if fitted, releasing gear and its installation in this particular lifeboat shall be in accordance with drawings approved by the Commandant; manufactured by C. C. Galbraith & Son, Inc., 99 Park Place, New York 7, New York, effective March 25, 1963. (It is an extension of Approval No. 160.035/213/2 dated March 25, 1958.)

Approval No. 160.035/236/1, 16.0' x 5.8' x 2.42' steel, oar-propelled lifeboat, 13-person capacity, identified by general arrangement dwg. No. G-1613 dated April 28, 1952, and revised January 30, 1958; if fitted, releasing gear and its installation in this particular lifeboat shall be in accordance with drawings approved by the Commandant; manufactured by C. C. Galbraith & Son, Inc., 99 Park Place, New York 7, New York, effective March 25, 1963. (It is an extension of Approval No. 160.035/236/1 dated March 25, 1958.)

Approval No. 160.035/285/1, 18.0' x 5.75' x 2.42' aluminum, oar-propelled lifeboat, 16-person capacity, identified by construction and arrangement dwg. No. 18-4 dated October 24, 1951, revised September 25, 1957; if mechanical disengaging apparatus is fitted, it shall be an approved type and installed in accordance with drawings approved by the Commandant; manufactured by Marine

Safety Equipment Corp., Point Pleasant Beach, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.035/285/1 dated March 25, 1958.)

Approval No. 160.035/306/0, 16.0' x 5.7' x 2.3' aluminum, oar-propelled lifeboat, 12-person capacity, identified by general arrangement and construction dwg. No. 53-1612 dated February 3, 1953, and revised January 30, 1958; if fitted, releasing gear and its installation in this particular lifeboat shall be in accordance with drawings approved by the Commandant; manufactured by Lane Lifeboat and Davit Corp., 8920 Twenty-sixth Avenue, Brooklyn 14, New York, effective March 25, 1963. (It is an extension of Approval No. 160.035/306/0 dated March 25, 1958.)

Approval No. 160.035/365/0, 37.0' x 13.0' x 5.33' steel, hand-propelled lifeboat, 150-person capacity, identified by construction and arrangement dwg. No. 80136 dated March 22, 1957, and revised January 8, 1958, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.035/365/0 dated March 25, 1958.)

Approval No. 160.035/367/0, 24.0' x 7.0' x 3.0' aluminum, oar-propelled lifeboat, 30-person capacity, identified by construction and arrangement dwg. No. 80137 dated December 5, 1956, revised December 27, 1957, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, New Jersey, effective March 25, 1963. (It is an extension of Approval No. 160.035/367/0 dated March 25, 1958.)

KITS, FIRST-AID

Approval No. 160.041/6/0, First aid kit, Model No. 24 L.B., assembly dwg. No. 1-24-LB, revised January 14, 1953, marking dwg. No. 2-24-LB, revised January 14, 1953, manufactured by The Pac-Kit Co., P.O. Box 1306, Greenwich, Connecticut, effective March 18, 1963. (It is an extension of Approval No. 160.041/6/0 dated March 18, 1958.)

PUMPS, BILGE, LIFEBOAT

Approval No. 160.044/14/0, Size No. 3 lifeboat bilge pump, Model BM-519CG identified by dwg. No. P.C. 6514 dated March 7, 1963, manufactured by Beckson Manufacturing, Inc., Box 3336, Bridgeport, Connecticut, effective March 13, 1963.

BUOYANT VESTS, KAPOK OR FIBROUS GLASS, ADULT AND CHILD

NOTE: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.047/544/0, Type I, Model AK-1, adult kapok buoyant vest, U.S.C.G. Specification Subpart 160.047, manufactured by Buddy Schoellkopf Products, Inc., 8200 Sovereign Row, Dallas 7, Texas, effective March 8, 1963.

Approval No. 160.047/545/0, Type I, Model CKM-1, child medium kapok buoyant vest, U.S.C.G. Specification Subpart 160.047, manufactured by Buddy Schoellkopf Products, Inc., 8200 Sovereign Row, Dallas 7, Texas, effective March 8, 1963.

Approval No. 160.047/546/0, Type I, Model CKS-1, child small kapok buoyant vest, U.S.C.G. Specification Subpart 160.047, manufactured by Buddy Schoellkopf Products, Inc., 8200 Sovereign Row, Dallas 7, Texas, effective March 8, 1963.

BUOYANT CUSHIONS KAPOK OR FIBROUS GLASS

NOTE: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.048/112/0, Special approval for 15' x 15' x 2' rectangular kapok buoyant cushion, 20-oz. kapok, U.S.C.G. Specification Subpart 160.048, manufactured by Elvin Salow Co., 273-285 Congress Street, Boston 10, Massachusetts, for Henry H. Smith & Co., 356 Jefferson Avenue, Detroit 26, Michigan, effective March 25, 1963. (It is an extension of Approval No. 160.048/112/0 dated March 25, 1958.)

Approval No. 160.048/113/0, Group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048-4 (c) (1) (i), manufactured by The Howard Zink Corp., 5550 Paramount Boulevard, Long Beach 5, California, effective March 25, 1963. (It is an extension of Approval No. 160.048/113/0 dated March 25, 1958.)

Approval No. 160.048/115/0, Group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048-4 (c) (1) (i), manufactured by B. T. Crump Co., Inc., 1310-1334 East Franklin Street, Richmond 13, Virginia, effective March 25, 1963. (It is an extension of Approval No. 160.048/115/0 dated March 25, 1958.)

Approval No. 160.048/116/0, Special approval for 15' x 15' x 2' rectangular kapok buoyant cushion, 20-oz. kapok, U.S.C.G. Specification Subpart 160.048, manufactured by Elvin Salow Co., 273-285 Congress Street, Boston 10, Massachusetts, for Harry Miller Co., 244 Atlantic Avenue, Boston, Massachusetts, effective March 25, 1963. (It is an extension of Approval No. 160.048/116/0, dated March 25, 1958.)

Approval No. 160.048/118/0, Group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048-4 (c) (1) (i), manufactured by Billy Boy Products, Inc., Quincy, Michigan, for Sears, Roebuck & Co., 925 South Homan Avenue, Chicago 7, Illinois, effective March 25, 1963. (It is an extension of Approval No. 160.048/118/0 dated March 25, 1958.)

Approval No. 160.048/120/0, Group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048-4 (c) (1) (i), manufactured by The Safeguard Corp., P.O. Box 66, Station B, Cincinnati 22, Ohio, for Harry Miller Co., 244 Atlantic Avenue, Boston, Massachusetts, effective March 25, 1963. (It is an extension of Approval No. 160.048/120/0 dated March 25, 1958.)

Approval No. 160.048/122/0, Group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048-4(c) (1) (i), manufactured by Liberty Cork Co., Inc., 123 Whitehead Ave., South River, New Jersey, for Max Mermelstein Distributing Co., 515 Main Street, Childs, Pennsylvania, effective March 25, 1963. (It is an extension of Approval No. 160.048/122/0 dated March 25, 1963.)

Approval No. 160.048/123/0, Group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048-4(c) (1) (i), manufactured by Swan Products Co., Inc., 145-92 228th Street, Springfield Gardens 13, New York, for Boston Camping Distributor Co., Inc., 150 Oliver Street, Boston, Massachusetts, effective March 25, 1963. (It is an extension of Approval No. 160.048/123/0 dated March 25, 1958.)

Approval No. 160.048/221/0, Group approval for rectangular and trapezoidal kapok buoyant cushions, U.S.C.G. Specification Subpart 160.048, sizes and weights of kapok filling to be as per Table 160.048-4(c) (1) (i), manufactured by Buddy Schoellkopf Products, Inc., 8200 Sovereign Row, Dallas 7, Texas, effective March 8, 1963.

BUOYANT CUSHIONS, UNICELLULAR PLASTIC FOAM

NOTE: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.049/19/0, Group approval for rectangular and trapezoidal unicellular plastic foam buoyant cushions, U.S.C.G. Specification Subpart 160.049, sizes to be as per Table 160.049-4 (c) (1), manufactured by Crawford Manufacturing Co., Inc., 3rd and Decatur Streets, Richmond 12, Virginia, effective March 25, 1963. (It is an extension of Approval No. 160.049/19/0 dated March 25, 1958.)

Approval No. 160.049/20/0, Group approval for rectangular and trapezoidal unicellular plastic foam buoyant cushions, U.S.C.G. Specification Subpart 160.049, sizes to be as per Table 160.049-4 (c) (1), manufactured by Goshen Cushion and Body Co., Goshen, Indiana, effective March 25, 1963. (It is an extension of Approval No. 160.049/20/0 dated March 25, 1958.)

Approval No. 160.049/49/0, Special approval for Model—Bulldog A, 15" x 15" x 2 7/8" rectangular unicellular plastic foam buoyant cushion, U.S.C.G. Specification Subpart 160.049, dwg. No. 4 dated September 18, 1962, manufactured by Bulldog Marine Products, Inc., 5825 S. Western Avenue, Chicago 36, Illinois (Plant: Griffith, Indiana), effective March 18, 1963. (It supersedes, without change, Approval No. 160.049/49/0 dated January 31, 1963, to show drawing number.)

Approval No. 160.049/51/0, Group approval for rectangular and trapezoidal unicellular plastic foam buoyant cushions with vinyl dip coatings, sizes to be as per Table 160.049-4(c) (1) and construction and materials to be as per dwg. Nos. 1 and 2 dated February 22, 1963, manufactured by Billy Boy Products, Inc., Quincy, Michigan, effective March 21, 1963.

BUOYANT VESTS, UNICELLULAR PLASTIC FOAM, ADULT AND CHILD

NOTE: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.052/119/0, Type II, Model 245, adult unicellular plastic foam buoyant vest, dwg. C-28 (sheets 1 to 4) dated March 13, 1961, and Specifications C-28 dated March 13, 1961, manufactured by The American Pad & Textile Co., 6230 Bienvenue St., New Orleans 17, La., and Fairfield, California, effective March 18, 1963. (It supersedes Approval No. 160.052/119/0 dated May 4, 1961, to show change of address.)

Approval No. 160.052/120/0, Type II, Model 246-M, child unicellular plastic foam buoyant vest, dwg. C-28 (sheets 1 to 4) dated March 13, 1961, and Specifications C-28 dated March 13, 1961, manufactured by The American Pad & Textile Co., 6230 Bienvenue St., New Orleans 17, La., and Fairfield, California, effective March 18, 1963. (It supersedes Approval No. 160.052/120/0 dated May 4, 1961, to show change of address.)

Approval No. 160.052/121/0, Type II, Model 246-S, child unicellular plastic foam buoyant vest, dwg. C-28 (sheets 1 to 4) dated March 13, 1961, and Specifications C-28 dated March 13, 1961, manufactured by The American Pad & Textile Co., 6230 Bienvenue St., New Orleans 17, La., and Fairfield, California, effective March 18, 1963. (It supersedes Approval No. 160.052/121/0 dated May 4, 1961, to show change of address.)

Approval No. 160.052/222/0, Type II, Model No. 100, adult unicellular plastic foam buoyant vest, dwg. Nos. 1 and 4 dated January 4, 1963, Rev. 1 dated March 8, 1963, and Bill of Materials dated February 15, 1963, manufactured by Buddy Schoellkopf Products, Inc., 8200 Sovereign Row, Dallas 7, Texas, effective March 12, 1963.

Approval No. 160.052/223/0, Type II, Model No. 200, child medium unicellular plastic foam buoyant vest, dwg. Nos. 2 and 4 dated January 4, 1963, Rev. 1 dated March 8, 1963, and Bill of Materials dated February 15, 1963, manufactured by Buddy Schoellkopf Products, Inc., 8200 Sovereign Row, Dallas 7, Texas, effective March 12, 1963.

Approval No. 160.052/224/0, Type II, Model No. 300, child small unicellular plastic foam buoyant vest, dwg. Nos. 3 and 4 dated January 4, 1963, Rev. 1 dated March 8, 1963, and Bill of Materials dated February 15, 1963, manufactured by Buddy Schoellkopf Products, Inc., 8200 Sovereign Row, Dallas 7, Texas, effective March 15, 1963.

WORK VESTS, UNICELLULAR PLASTIC FOAM

Approval No. 160.053/4/0, Unicellular plastic foam work vest as per Military Specification MIL-L-17653A and

U.S.C.G. Specification Subpart 160.053, manufactured by The American Pad & Textile Co., 6230 Bienvenue Street, New Orleans 17, Louisiana, effective March 18, 1963. (It supersedes Approval No. 160.053/4/0 dated March 16, 1960, to show change of address.)

SAFETY VALVES (POWER BOILERS)

Approval No. 162.001/2/1, Style CS, carbon steel body pop safety valve, exposed springs, maximum pressure 400 p.s.i., maximum temperature 650° F., dwg. No. 59BB-1 dated October 5, 1926, revised December 19, 1952, approved for sizes 2", 2 1/2", 3", 3 1/2", and 4", manufactured by The Ashton Valve Co., 43 Kendrick Street, Wrentham, Massachusetts, effective March 18, 1963. (It is an extension of Approval No. 162.001/2/1 dated March 18, 1958.)

Approval No. 162.001/41/1, Style DS, carbon steel body duplex pop safety valve, exposed springs, maximum pressure 400 p.s.i., maximum temperature 650° F., dwg. No. 84-B-1 dated August 31, 1933, and revised December 19, 1952, approved for sizes 2", 2 1/2", 3", 3 1/2", and 4", manufactured by The Ashton Valve Co., 43 Kendrick Street, Wrentham, Massachusetts, effective March 18, 1963. (It is an extension of Approval No. 162.001/41/1 dated March 18, 1958.)

Approval No. 162.001/43/1, Style DS-11, carbon steel body duplex pop safety valve, exposed springs, rocker shaft lifting lever, maximum pressure 400 p.s.i., maximum temperature 650° F., dwg. No. 84-B-1 dated August 31, 1933, revised December 19, 1952, approved for sizes 2", 2 1/2", 3", 3 1/2", and 4", manufactured by The Ashton Co., 43 Kendrick Street, Wrentham, Massachusetts, effective March 18, 1963. (It is an extension of Approval No. 162.001/43/1 dated March 18, 1958.)

Approval No. 162.001/54/1, Style CS-100, carbon steel body pop safety valve, exposed spring, maximum pressure 450 p.s.i., for sizes up to and including 3 1/2", 400 p.s.i. for 4", maximum temperature saturated steam, dwg. No. 102B-1 dated June 19, 1940, approved for sizes 1 1/2", 2", 2 1/2", 3", 3 1/2", and 4", manufactured by The Ashton Valve Co., 43 Kendrick Street, Wrentham, Massachusetts, effective March 18, 1963. (It is an extension of Approval No. 162.001/54/1 dated March 18, 1958.)

Approval No. 162.001/67/1, Style DS-100, carbon steel body pop safety valve, exposed spring, maximum pressure 600 p.s.i., maximum temperature saturated steam, dwg. No. 336B dated August 1, 1944, approved for sizes 2" and 2 1/2", manufactured by The Ashton Valve Co., Wrentham, Massachusetts, effective March 18, 1963. (It is an extension of Approval No. 162.001/67/1 dated March 18, 1958.)

RELIEF VALVES (HOT WATER HEATING BOILERS)

Approval No. 162.013/35/0, Type No. 174A relief valve for hot water heating boilers, dwg. No. 174A (P.D.), dated January 9, 1957, approved for sizes and relieving capacities shown below:

Inlet size, male or female (inches) :	Relieving capacity (B.t.u. per hour at 30 p.s.i.)
$\frac{3}{4}$ -----	500,000
1-----	1,135,000
1 $\frac{1}{4}$ -----	1,865,000
1 $\frac{1}{2}$ -----	2,020,000
2-----	3,815,000

Manufactured by Watts Regulator Co., Lawrence, Massachusetts, effective March 25, 1963. (It is an extension of Approval No. 162.013/35/0 dated March 25, 1958.)

SAFETY RELIEF VALVES, LIQUEFIED COMPRESSED GAS

Approval No. 162.018/56/0, 2600 Series pop safety relief valve for liquefied petroleum gas service, full nozzle type, metal-to-metal seat, 300 p.s.i. maximum allowable pressure, dwgs. No. 12796-B dated 3/18/63, and 4212-X1-E dated 3/19/63, approved for inlet diameters of 1 inch through 6 inches for a maximum set pressure of 250 p.s.i.g., supersedes Type 2680 pop safety valve, Approval No. 162.018/16/1, manufactured by Farris Engineering Corp., Palisades Park, New Jersey, effective March 29, 1963.

INDICATORS, BOILER WATER LEVEL, SECONDARY TYPE

Approval No. 162.025/6/2, Figure 4312, secondary boiler water level indicator, remote reading wall-mounted type, 700 p.s.i. maximum pressure, dwg. No. EL-912-108, revision A, dated February 23, 1952; EL-13021, revision F, dated September 9, 1953; EL-14269, revision A, dated June 3, 1954, manufactured by Yarnall-Waring Co., Chestnut Hill, Philadelphia 18, Pennsylvania, effective March 25, 1963. (It is an extension of Approval No. 162.025/6/2 dated March 25, 1958.)

Approval No. 162.025/30/2, Figure 4314, secondary boiler water level indicator, remote reading panel-mounted type, 700 p.s.i. maximum pressure, dwg. No. EL-912-108, Rev. A dated February 23, 1952; EL-13021, Rev. F, dated September 9, 1953; EL-14269, Rev. A dated June 3, 1954, manufactured by Yarnall-Waring Co., Chestnut Hill, Philadelphia 18, Pennsylvania, effective March 25, 1963. (It is an extension of Approval No. 162.025/30/2 dated March 25, 1958.)

Approval No. 162.025/31/2, Figure 4316, secondary boiler water level indicator, remote reading wall-mounted type, 1500 p.s.i. maximum pressure, dwg. No. EL-912-109, Rev. C dated January 27, 1958; EL-15231 dated December 4, 1956; EL-12975, Rev. B dated January 27, 1958; and EL-14269, Rev. A dated June 3, 1954, manufactured by Yarnall-Waring Co., Chestnut Hill, Philadelphia 18, Pennsylvania, effective March 25, 1963. (It is an extension of Approval No. 162.025/31/2 dated March 25, 1958.)

Approval No. 162.025/32/2, Figure 4318, secondary boiler water level indicator, remote reading panel-mounted type, 1500 p.s.i. maximum pressure, dwg. No. EL-912-109, revision C dated January 27, 1958; EL-15231 dated December 4, 1956; EL-12975, Rev. B dated January 27, 1958, and EL-14269, Rev. A dated June 3, 1954, manufactured by

Yarnall-Waring Co., Chestnut Hill, Philadelphia 18, Pennsylvania, effective March 25, 1963. (It is an extension of Approval No. 162.025/32/2 dated March 25, 1958.)

WATER SPRAY TYPE FIRE EXTINGUISHING SYSTEMS

Approval No. 162.036/1/0, Akron Foghed Systems, water spray type fire extinguishing systems, for tank vessel pump rooms, Foghed Models 1" BM-54, 1" DM-24, $\frac{1}{2}$ " BM-15, $\frac{1}{2}$ " 5DM-34, and $\frac{1}{2}$ " DM-15, typical system dwg. No. D-6636, Rev. C dated March 6, 1962, manufactured by Akron Brass Manufacturing Co., Inc., Wooster, Ohio, effective March 20, 1963. (It supersedes unnumbered approval dated 11 October 1960, file JJ/162.021/Akron.)

Approval No. 162.036/2/0, Bete water spray system for tank vessel pump rooms, nozzle Model Nos. N3S, N3WS, N5S, and N5WS, layout dwg. Nos. 4S-453-B, 4S-454-B, 4S-455-B, and 4S-456-B, all revised May 5, 1958, manufactured by Bete Fog Nozzle, Inc., 309 Wells Street, Greenfield, Massachusetts, effective March 20, 1963. (It supersedes unnumbered approval published F.R. December 31, 1958, file JJ/162.021/Bete.)

STRUCTURAL INSULATIONS

Approval No. 164.007/28/1, "Weber's Super '48' Insulating Cement", plaster type structural insulation identical to that described in National Bureau of Standards Test Report No. TG10210-1782: FP3061 dated August 10, 1951, approved for use without other insulating material to meet Class A-60 requirements in a $2\frac{1}{2}$ " thickness, formerly approved under the name of "48' Panther Insulating Cement," manufactured by Forty-Eight Insulations, Inc., Aurora, Illinois, effective March 18, 1963. (It is an extension of Approval No. 164.007/28/1 dated March 18, 1958.)

Dated: June 7, 1963.

[SEAL] E. J. ROLAND,
Admiral, U.S. Coast Guard,
Commandant.

Comptroller of the Currency

WYOMING NATIONAL BANK OF TUNKHANNOCK AND WYOMING NATIONAL BANK OF WILKES-BARRE

Notice of Granting of Merger Application

The Wyoming National Bank of Tunkhannock, Tunkhannock, Pennsylvania, and The Wyoming National Bank of Wilkes-Barre, Wilkes-Barre, Pennsylvania, applied to the Comptroller of the Currency for permission to merge under the charter and title of "The Wyoming National Bank of Wilkes-Barre."

On May 24, 1963, the Comptroller of the Currency granted this application, effective on or after May 31, 1963.

Copies of this decision are available on request to the Comptroller of the Currency, Washington 25, D.C.

Dated: June 11, 1963.

[SEAL] A. J. FAULSTICH,
Administrative Assistant to the
Comptroller of the Currency.

DEPARTMENT OF JUSTICE

Office of the Attorney General

[Order No. 297-63]

JAMES J. P. McSHANE

Delegation of Authority to Designate Officers and Employees of Department of Justice To Perform Functions of Deputy Marshals in Northern District of Alabama and to Administer Oaths of Office

JUNE 12, 1963.

By virtue of the authority vested in me by section 161 of the Revised Statutes, as amended (5 U.S.C. 22), section 360 of the Revised Statutes (5 U.S.C. 311), sections 1 and 2 of Reorganization Plan No. 2 of 1950 (64 Stat. 1261), section 542 of Title 28 of the United States Code, and section 206 of the Act of June 26, 1943, 57 Stat. 196 (5 U.S.C. 16a), I hereby authorize James J. P. McShane, Head of the Executive Office of United States Marshals, to perform the function of authorizing and requiring any officer or employee of the Department of Justice to perform the functions of a United States Deputy Marshal for the Northern District of Alabama, to administer the oath of office required by section 1757 of the Revised Statutes, as amended (5 U.S.C. 16), and to administer any other oath required by law in connection with employment in the executive branch of the Federal Government, in particular the oath required by section 543 of Title 28 of the United States Code.

The functions assigned to James J. P. McShane and to those officers and employees of the Department of Justice designated by him shall be in addition to the functions presently vested in them.

ROBERT F. KENNEDY,
Attorney General.

[Notice No. 36]

ALASKA

Notice of Filing of Protraction Diagram, Anchorage Land District

JUNE 10, 1963.

Notice is hereby given that effective with this publication, the following re-

vised protraction diagrams are officially filed of record in the Anchorage Land Office, 555 Cordova Street, Anchorage, Alaska. In accordance with 43 CFR 192.42a(c), (24 F.R. 4140, May 22, 1959), these protractions will become the basic record for the description of oil and gas lease offers, State selection applications under 43 CFR 76.9(a) (4), (24 F.R. 4657), and other authorized uses filed at and subsequent to 10:00 a.m., on the thirty-first day after the publication of this notice.

These revised protraction sheets supersede the original approved protraction sheets of the same number.

Proposed Withdrawal and Reservation of Lands; Correction

Notice of an application, Serial No. Anchorage 058833, for withdrawal and reservation of lands was published as F.R. Doc. 63-3707 on page 3497 of the issue of April 10, 1963.

The land description appearing therein is corrected to read:

SEWARD MERIDIAN

T. 17 N., R. 4 W. (partially surveyed).

A tract of land, which when surveyed will probably be:

Sec. 10: S $\frac{1}{2}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ N $\frac{1}{2}$ SE $\frac{1}{4}$;
Sec. 11: SW $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$;
Sec. 14: Lot 27, W $\frac{1}{2}$ NW $\frac{1}{4}$;
Sec. 15: NE $\frac{1}{4}$.

GEORGE R. SCHMIDT,
Chief, Branch of Lands
and Minerals Operations.

**Office of the Secretary
SOUTHWESTERN POWER
ADMINISTRATION**

Delegation of Authority

The following material is a portion of the Departmental Manual and the numbering system is that of the manual.

This material supersedes 270 DM 2.1 and 270 DM 2.2 (25 F.R. 2244), March 17, 1960.

270.2.1 Designation as marketing agency. The Southwestern Power Administration is designated as the agency to market available surplus electric power and energy generated at the following reservoir projects pursuant to section 5 of the act of December 22, 1944 (58 Stat. 890; 16 U.S.C. 825s): Beaver, Blakely Mountain; Broken Bow; Bull Shoals; Dardanelle; De Gray; Denison; Eufaula; Fort Gibson; Greers Ferry; Keystone; McGee Bend; Narrows; Norfolk; Table Rock; Tenkiller Ferry; and Whitney.

270.2.2 Contracts. In the performance of the functions assigned by 270 DM 2.1, the Administrator, Southwestern Power Administration may, subject to applicable statutes, executive orders and directives of the Secretary, enter into contracts for the sale or interchange of electric power and energy.

270.2.3 Investigations and studies. The Administrator shall, either independently or in cooperation with other Federal or non-Federal agencies, make or assist in such surveys, investigations, studies, and informational reports, as he determines to be necessary or appropriate for the proper integration of hydroelectric power generated at facilities set forth in 270 DM 2.1 with non-Federal generating facilities in the Southwest, and for carrying out the responsibilities assigned to him. He shall undertake or participate with other Federal or non-Federal agencies in the gathering and dissemination of data necessary for achieving the most economical development and widespread distribution of hydroelectric power in the Southwest. He shall participate with other Federal or non-Federal agencies in the comprehensive planning for the development of the water and related land resources of the Southwest and in studies and research on matters pertaining to such development which affect or are affected by the development of the power resources of that region.

(Sec. 2, Reorg. Plan No. 3 of 1950; 5 U.S.C. sec. 133z-15, note)

STEWART L. UDALL,
Secretary of the Interior.

MAY 29, 1963.

DEPARTMENT OF AGRICULTURE

**Agricultural Marketing Service
MAINE STOCKYARDS ET AL.**

Deposting of Stockyards

It has been ascertained, and notice is hereby given, that the livestock markets

named herein, originally posted on the respective dates specified below as being subject to the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), no longer come within the definition of a stockyard under said Act and are, therefore, no longer subject to the provisions of the Act.

*Name, Location of Stockyard, and
Date of Posting*

Maine Stockyards, Burnham, Maine, August 10, 1961.
Harry Sutton Livestock Market, Kinston, N.C., July 3, 1961.
Manassas Livestock Market, Inc., Manassas, Va., May 26, 1959.

Notice or other public procedure has not preceded promulgation of the foregoing rule since it is found that the giving of such notice would prevent the due and timely administration of the Packers and Stockyards Act and would, therefore, be impracticable and contrary to the public interest. There is no legal warrant or justification for not depositing promptly a stockyard which is no longer within the definition of that term contained in the Act.

The foregoing is in the nature of a rule granting an exemption or relieving a restriction and, therefore, may be made effective in less than 30 days after publication in the FEDERAL REGISTER. This notice shall become effective upon publication in the FEDERAL REGISTER.

(42 Stat. 159, as amended and supplemented;
7 U.S.C. 181 et seq.)

Done at Washington, D.C., this 11th day of June 1963.

H. L. JONES,
Chief, Rates and Registration
Branch, Packers and Stock-
yards Division, Agricultural
Marketing Service.

FEDERAL MARITIME COMMISSION

[No. 1111]

DUAL RATE CONTRACTS, 1963; ADJUDICATION OF MAJOR ISSUES

Rescheduling of Hearing and Specification of Procedure

JUNE 11, 1963.

Upon consideration of motions, views, and comments regarding the future proceedings in this matter, the following determinations are made:

1. Verified statements of the direct testimony of witnesses, in lieu of oral testimony, shall be served by each party upon every other party, with copies thereof to each presiding officer, not later than July 15, 1963.

2. Those parties who desire to cross-examine the author of any verified statement submitted shall notify such person or his attorney, if he is so represented, and the presiding officers of that fact not later than July 22, 1963, and also the topics upon which cross-examination is desired. Upon such notice, the author of such statement shall be produced by the party offering his testimony.

3. Hearing will commence on July 30, 1963, beginning at 10:00 a.m., in Room 114, 1321 H Street NW., Washington, D.C., and will be limited to (1) the cross-examination of those persons referred to in paragraph 2 hereof, and (2) the direct examination and cross-examination of rebuttal witnesses, if any.

4. Oral argument will be held as soon as practicable after the evidentiary hearing, the date thereof to be determined at the end of such hearing. The presiding officers may require or permit the filing of memoranda of points and authorities in connection with oral argument.

G. O. BASHAM,
Chief Examiner,
Office of Hearing Examiners.

FEDERAL POWER COMMISSION

[Docket No. CP63-304]

CITIES SERVICE GAS CO.

Notice of Application and Date of Hearing

JUNE 10, 1963.

Take notice that on May 13, 1963, Cities Service Gas Company (Applicant), P.O. Box 1995, Oklahoma City, Oklahoma, filed in Docket No. CP63-304 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the installation and construction during the calendar year 1963 and the operation of small field compressor units ranging in size from 200 to 300 horsepower on gathering laterals in various gas producing fields to enable Applicant to take into its certificated main pipeline system natural gas which will be purchased from producers thereof, all as more fully set forth in the application

which is on file with the Commission and open to public inspection.

Applicant states that such compressor facilities are required due to the normal decline in wellhead working pressures of the wells in various fields connected to Applicant's gathering systems, thus requiring Applicant to reduce the working pressures in such gathering systems to enable it to receive volumes of gas required to be taken from each producing area in order to meet the requirements of Applicant's customers.

The total cost of the proposed compressor facilities will not exceed a maximum of \$500,000 and the cost of such units for any single producing area will not exceed \$250,000. The proposed facilities will be financed from treasury cash.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on July 11, 1963, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before July 1, 1963. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.

[F.R. Doc. 63-6304; Filed, June 14, 1963;
8:46 a.m.]

[Docket No. CP63-243]

LAKE SHORE PIPE LINE CO.

Notice of Application and Date of Hearing

JUNE 10, 1963.

Take notice that on February 27, 1963, as modified by letter of April 4, 1963, Lake Shore Pipe Line Company (Applicant), 1717 East Ninth Street, Cleveland 14, Ohio, filed in Docket No. CP63-243 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction during the 12-month period following the date of certification and the operation of lateral and field facilities to enable Applicant to

take into its certificated main pipeline system natural gas which will be purchased from producers thereof, all as more fully set forth in the application, as modified, which is on file with the Commission and open to public inspection.

The purpose of this "budget-type" application is to augment Applicant's ability to act with reasonable dispatch in contracting for and connecting to its pipeline system new supplies of natural gas in various producing areas generally coextensive with said system.

The total cost of the facilities proposed hereunder will not exceed a maximum of \$100,000, with no single project to exceed a cost of \$25,000.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on July 11, 1963, at 9:30 a.m. e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the Rules of Practice and Procedure (18 CFR 1.8 or 1.10) on or before July 1, 1963. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.

8:46 a.m.]

[Docket No. CP63-217 etc.]

MICHIGAN GAS STORAGE CO. AND PANHANDLE EASTERN PIPE LINE CO.

Notice of Applications and Date of Hearing

JUNE 10, 1963.

Take notice that on January 31, 1963, and on February 25, 1963, Michigan Gas Storage Company (Michigan) with its principal place of business in Jackson, Michigan, filed respectively in Docket Nos. CP63-217 and CP63-237 applications pursuant to section 7(c) of the Natural Gas Act for certificates of public convenience and necessity. On March 18, 1963, Panhandle Eastern Pipe Line Company (Panhandle) with a principal place of business in Kansas City, Mis-

souri filed in Docket No. CP63-259 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity. Michigan collectively in Docket Nos. CP63-217 and CP63-237 seeks authorization to establish three new delivery points; sell and deliver natural gas to a certain local distributor; transport natural gas for the account of that same distributor; establish a new interchange or a delivery point; and construct and operate certain metering and regulating facilities, additional horsepower compressor capacity, and a length of new pipeline, all as more fully set forth in the respective applications. Panhandle seeks authorization for the construction and operation of two delivery taps and a certain interchange, all as more fully set forth in that application. All three applications are on file with the Commission and open to public inspection.

Michigan proposes specifically in Docket No. CP63-217 to (1) establish three new delivery points for the delivery of natural gas to the Consumers Power Company (Consumers), (2) construct and operate the necessary metering and regulating facilities at the proposed new delivery points, (3) deliver gas to Consumers at two existing delivery points for three new communities to be served by Consumers, and (4) deliver natural gas to Consumers at any existing delivery point for service to new communities, provided such service does not require the construction of facilities by anyone other than Consumers and does not result in any increase in total annual or peak day deliveries of gas by Michigan to Consumers. The purpose of the proposed new delivery points is to permit Consumers to serve the Village of Climax and adjoining areas in the Township of Climax, Kalamazoo County, Michigan, to serve the community of New Hudson and adjoining areas, in the Township of Lyon, Oakland County, Michigan, and the areas surrounding Pleasant Lake in the Township of Freedom, Washtenaw County, Michigan. The proposed deliveries at the two existing delivery points will permit Consumers to serve the cities of Beaverton and Gladwin and adjoining areas, both located in Gladwin County, Michigan, and the community of Gregory and adjoining areas in Livingston County, Michigan. The total cost of the proposed facilities to be constructed in this docket is estimated to be \$56,400 to be financed from funds on hand.

In Docket No. CP63-237, Michigan seeks authorization to construct and operate (1) an additional 1600 horsepower of compressor capacity by turbocharging four compressors in its Muskegon River Compressor Station in Clare County, Michigan, (2) a 26-inch pipeline approximately 40 miles in length extending easterly from Ovid Junction in Ovid Township, Clinton County, Michigan, to a proposed point of interchange (to be known as "Flint Junction") with the so-called North line of Panhandle in section 8 of Grand Blanc Township, Genesee County, Michigan, (3) establish a new interchange or delivery point with Panhandle at the eastern end of

the proposed 26-inch pipeline at Flint Junction, and (4) use Michigan's facilities to transport natural gas for the account of Consumers. The increased compressor capacity and the 26-inch pipeline would increase the peak day deliverability of Michigan's facilities by approximately 40,000 Mcf and thereby meet its peak day requirement in serving Consumers. In addition, the new pipeline would provide greater flexibility in Michigan's existing transmission system, as well as providing a supplemental and emergency source of natural gas supply to Consumers for service to the City of Flint, Michigan and its metropolitan area. Michigan would transport natural gas for the account of Consumers in order to reduce certain plant expenditures otherwise needed by Consumers to transport and market natural gas it now produces in the Flamouth and Forward Fields located in Missaukee County, Michigan. The total cost of turbocharging the four compressor units is estimated to be \$275,000, while the estimated cost of the construction of the 26-inch pipeline is \$4,406,000, both projects to be financed from bank loans and funds on hand. Michigan will not be required to construct any new facilities in order to transport natural gas in behalf of Consumers.

Panhandle, in Docket No. CP63-259 requests authority to construct and operate (1) a delivery tap on its "West Line" for deliveries to Michigan in connection with service to the Village of Climax, (2) a delivery tap on its "North Line" for deliveries to Michigan in connection with service to the community of New Hudson, and (3) an interchange at Flint Junction, Michigan between the North Line and the proposed 26-inch pipeline to be constructed by Michigan. This interchange will be used by both Panhandle and Michigan on an emergency basis and to provide flexibility on the two respective systems. No increase in present contract quantities for Michigan is involved in this application. Panhandle states that Michigan will purchase volumes of gas at the proposed points, within the existing quantities available to it pursuant to the gas sales contract presently on file with the Commission. The estimated cost of the tap on Panhandle's West Line is \$1,300, while a like amount is estimated in order to tap its North Line. The interchange at Flint Junction is estimated to cost \$3,900. The financing of these proposed facilities by Panhandle will be made through the use of funds on hand.

These matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on July 10, 1963, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and

the issues presented by such applications: *Provided, however*, That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before June 30, 1963. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.

[Docket No. CP63-264]

NATURAL GAS PIPELINE COMPANY OF AMERICA

Notice of Application and Date of Hearing

JUNE 10, 1963.

Take notice that on March 25, 1963, Natural Gas Pipeline Company of America (Applicant) with its principal place of business in Chicago, Illinois, filed in Docket No. CP63-264 an application to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the acquisition of underground storage rights and the construction and operation of facilities for the evaluation of the characteristics and capabilities of underground natural gas storage reservoirs in Washington, Johnston, Louisa, and Muscatine Counties, Iowa, and Rock Island and Mercer Counties, Illinois, in addition to that now being tested pursuant to authorization heretofore issued in Docket No. CP62-144, all as more fully set forth in said application which is on file with the Commission and open to public inspection.

Applicant estimates that such program will extend over a period of approximately three years, that the total cost of all projects for which authorization is sought in this application will not exceed \$3,000,000, and that the total cost of any single project will not exceed \$1,000,000, all to be financed with funds on hand.

Applicant proposes to inject a total volume of gas estimated at 3,000,000 Mcf with no single project estimated to exceed an injection volume of 1,000,000 Mcf.

Applicant states that the purpose of this proposed operation is to augment its ability to act with reasonable dispatch in conducting such necessary exploratory and testing programs in advance of and without delaying expansion programs involving the utilization of such storage.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on July 11, 1963, at 9:30 a.m., e.d.s.t. in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before July 1, 1963. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

JOSEPH H. GUTRIDE,
Secretary.

[Docket No. CP63-249]

NORTHEAST OKLAHOMA GAS AUTHORITY AND GROVE MUNICIPAL SERVICES AUTHORITY

Notice of Application

JUNE 10, 1963.

Take notice that on March 8, 1963, The Northeast Oklahoma Gas Authority, Tahlequah, Oklahoma, and The Grove Municipal Services Authority, Grove, Oklahoma, (sometimes hereinafter referred to jointly as Applicants), filed in Docket No. CP63-249 a joint application pursuant to section 7(a) of the Natural Gas Act for an order of the Commission directing Cities Service Gas Company (Cities Service) to establish physical connection of its transmission facilities with the proposed facilities of and to sell natural gas to Applicants for resale and distribution in the communities of Afton, Fairland and Grove, Oklahoma, all as more fully set forth in the joint application on file with the Commission and open to public inspection.

Applicants propose to take deliveries of gas from Cities Service for all three communities at one point of interconnection and to transport the gas to the city gates by means of 29.5 miles of 6-inch, 3.5 miles of 4-inch and 3.5 miles of 3-inch proposed lateral pipelines. Applicants will also construct and operate necessary distribution facilities.

Applicants' estimated third year peak day and annual requirements for the three communities are 2,967 Mcf and 180,885 Mcf, respectively.

The application shows the total estimated cost of the proposed project to be \$1,161,000, which cost will be financed by a proposed grant in aid from the Housing and Home Finance Agency, under the Public Works Acceleration Act, and by the issuance of First Mortgage Revenue Bonds.

On March 28, 1963, Cities Service filed an answer to the subject application stating therein that it does not object to the granting of the requested order.

Protests, petitions to intervene or requests for hearing in this proceeding may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before July 5, 1963.

JOSEPH H. GUTRIDE,
Secretary.

[F.R. Doc. 63-6308; Filed, June 14, 1963;
8:46 a.m.]

[Docket No. G-4715]

SOUTHERN NATURAL GAS CO. AND TENNESSEE GAS TRANSMISSION CO.

Notice of Application To Amend

JUNE 10, 1963.

Take notice that on April 16, 1963, Southern Natural Gas Company (Southern), P.O. Box 2563, Birmingham 2, Alabama, and Tennessee Gas Transmission Company (Tennessee), P.O. Box 2511, Houston 1, Texas (sometimes hereinafter referred to jointly as Applicants) filed in Docket No. G-4715 an application to amend further the Commission's order, issued February 25, 1955, in said docket, all as more fully set forth in the joint application to amend on file with the Commission and open to public inspection.

The subject order, as amended, authorized Applicants to exchange up to 15,000 Mcf of natural gas per day with Southern delivering said volumes to Tennessee from the Franklin field, St. Mary's Parish, Louisiana. Tennessee redelivers said volumes to Southern at two points; one being the Bayou Sale redelivery point in St. Mary's Parish and the other being the Eloi Bay redelivery point in Block 49, Chandeleur Sound, Offshore Louisiana.

The application indicates that Southern has now developed gas reserves in the High Island field, Cameron Parish, Louisiana, and that Tennessee is presently purchasing gas in said High Island field. Further, the application indicates that Tennessee owns and controls certain reserves from the Bastian Bay field, Plaquemines Parish, Louisiana, and that Southern is presently purchasing gas from said field. Therefore, Applicants request that the subject order be further amended as follows:

(a) To authorize a new delivery point in the immediate vicinity of the existing High Island metering facilities and to authorize Southern to deliver to Tennessee at said point up to 5,000 Mcf of

gas per day for the first 18 calendar months after commencement of deliveries at said point. During such 18 month period, the quantity of gas delivered by Southern at the Franklin delivery point would be reduced to 10,000 Mcf.

(b) To authorize, after the above-described 18 month period, Southern to deliver to Tennessee and Tennessee to redeliver to Southern up to 20,000 Mcf of gas per day; Southern to deliver said quantity at the High Island and Franklin delivery points.

(c) To authorize a new redelivery point in the immediate vicinity of Southern's receiving facilities in Bastian Bay, and to authorize Tennessee to redeliver to Southern at said point up to 2,000 Mcf of gas per day, with a corresponding reduction in the amount of gas redelivered by Tennessee at the Bayou Sale and Eloi Bay redelivery points.

The application shows that Southern's reserves in the High Island area are presently without an outlet and are being subjected to drainage. Southern states that only a short gathering line and delivery meter will be necessary to complete the High Island tie-in to Tennessee's system, and, hence, Southern will be able to commence deliveries of its gas at a minimum cost of construction of new facilities. The facilities necessary for Tennessee to redeliver at the proposed Bastian Bay point are already in existence and no additional construction will be required.

Applicants have entered into an amendatory exchange agreement, dated March 14, 1963, providing for the subject proposals.

Protests, petitions to intervene or requests for hearing in this proceeding may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before July 5, 1963.

JOSEPH H. GUTRIDE,
Secretary.

[Docket No. RP63-14]

TRANSCONTINENTAL GAS PIPE LINE CO.

Notice of Proposed Revision of Federal Power Commission Gas Tariff

JUNE 11, 1963.

Take notice that on May 31, 1963, Transcontinental Gas Pipe Line Company, pursuant to § 2.59(a) of the rules of practice and procedure of the Federal Power Commission, as amended by Order No. 257, issued November 6, 1962 (27 F.R. 11001, 18 CFR 2.59(a)), filed a proposed revision to its FPC Gas Tariff under the provisions of section 4(d) of the Natural Gas Act, to become effective on July 1, 1963. The proposed revision reflects decreased rates and charges to jurisdictional customers purchasing natural gas under Rate Schedule No. ACQ-3 which result in a decrease in cost to the

customers taking service under that schedule of approximately \$368,500 annually below that which would result from the presently effective rates.

Protests, petitions to intervene, or notices of intervention may be filed with the Federal Power Commission, Washington 25, D.C., pursuant to the Commission's rules of practice and procedure on or before June 26, 1963.

GORDON M. GRANT,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-1577]

EQUITY CORP. AND WILLIAM S. STUHR

Notice of Filing of Application for Order Exempting Proposed Trans- action

JUNE 11, 1963.

Notice is hereby given that The Equity Corporation ("Equity") 103 Park Avenue, New York 17, New York, a Delaware corporation registered under the Investment Company Act of 1940 ("Act") as a closed-end, non-diversified management investment company and William S. Stuhr ("Stuhr") 1 Hamilton Avenue, Weehawken, New Jersey, have filed a joint application under section 17(b) of the Act for an order exempting from the provisions of section 17(a) of the Act the proposed sale of certain securities to Equity by Stuhr in exchange for certain securities to be transferred to Stuhr. All interested persons are referred to the application on file with the Commission for a complete statement of applicants' representations which are summarized below.

Equity owns 138,106 shares (or about 46 percent) of the 300,000 outstanding shares of Common Stock of United Board & Carton Corporation ("United"), a New Jersey corporation, of which Stuhr is the President and a Director. In order to increase its holdings of Common Stock of United to over 50 percent, Equity proposes to acquire 12,500 additional shares from Stuhr. Stuhr and his family own or have a beneficial interest in approximately 33,275 shares of United Common Stock. Stuhr is also a Director of Equity Financial Corporation ("EFC"), a wholly-owned subsidiary of Equity. Stuhr is therefore deemed to be an affiliated person of United and EFC which are, in turn, deemed to be affiliated persons of Equity, with the result that Stuhr is an affiliated person of affiliated persons of Equity.

Stuhr has agreed to sell Equity 12,500 shares of Common Stock of United in exchange for 15,000 shares of Common Stock of The Capital City Products Company ("Capital City"), a Delaware corporation. The agreement between Stuhr and Equity provides that Stuhr shall have the option to require Equity to re-

purchase from Stuhr the 15,000 shares of Capital City upon 30 days' notice at any time commencing six months after the closing of the agreement and terminating one year after such closing date at a price of \$20 per share (adjusted for any stock dividends or distributions) or, at the election of Equity, the price thereof to be 12,500 shares of the Common Stock of United (adjusted for any stock dividends or distributions). The agreement is subject to the condition that the parties shall have obtained an order of the Securities and Exchange Commission exempting the transactions from section 17(a) of the Act and in the event that such an exemption is not obtained by June 30, 1963, the mutual obligations of the parties shall terminate without any further liability of either to the other.

United is a producer of paperboard and a manufacturer of folding cartons, corrugated containers and package specialties. Its Common Stock is listed and traded on the New York Stock Exchange. From January 1, 1962 through December 31, 1962, the sales price of United's stock ranged from a high of 21 $\frac{3}{8}$ to a low of 16. In 1963, the sales price ranged from a high of 24 $\frac{3}{4}$ to a low of 18 $\frac{3}{8}$. Book value of the stock is approximately \$25.60 per share. Net income per share for the fiscal year ending May 31, 1962 was \$0.80 and \$0.67 for the 24 week period ending November 18, 1962. For the five years ending May 31, 1962, average net income per share was \$1.16. The foregoing figures are adjusted to reflect a 25 percent stock distribution made by United on February 28, 1963.

Capital City is a refiner and manufacturer of edible oil products. It has 398,400 shares of Common Stock issued and outstanding, which are listed and traded on the American Stock Exchange. From January 1, 1962 through December 31, 1962, the sales price of Capital City's stock ranged from a high of 17 $\frac{1}{2}$ to a low of 12 $\frac{3}{4}$. In 1963, the sales price ranged from a high of 19 to a low of 16 $\frac{1}{2}$. Book value of the stock is approximately \$21 per share. Net income per share for the fiscal year ending May 31, 1962 was \$0.73 and \$0.92 for the six-month period ending November 30, 1962. For the five years ending May 31, 1962, average net income per share was \$0.94.

Section 17(a) of the Act, insofar as here pertinent, prohibits an affiliated person of a registered investment company, or an affiliated person of such a person, from selling to, or purchasing from, such registered company or any company controlled by such company securities or property, unless the Commission upon application, pursuant to section 17(b), grants an exemption from section 17(a) upon a finding that the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair and do not involve overreaching on the part of any person concerned, that the proposed transaction is consistent with the policy of each registered investment company concerned, as recited in its registration statement and reports filed under the Act, and is consistent with the general purposes of the Act.

Applicants state that the fairness of the exchange of 15,000 shares of Capital City for 12,500 shares of United, coupled with the option provision of the agreement, is supported by a correlation of the recent performances of the two companies, including the ratio of the recent market prices, earnings per share and book value. It is further represented that the basis of the exchange of shares of United for shares of Capital City under the agreement was wholly unaffected by the affiliated status of the parties.

Notice is further given that any interested person may, not later than June 27, 1963, at 5:30 p.m. submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicants at the addresses set forth above. Proof of such service (by affidavit or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

[SEAL]

ORVAL L. DuBOIS,
Secretary.

[File No. 811-564].

MADISON SQUARE GARDEN CORP.

Notice of Filing of Application for Order Declaring That Company Has Ceased To Be an Investment Com- pany

JUNE 11, 1963.

Notice is hereby given that an application has been filed pursuant to section 8(f) of the Investment Company Act of 1940 ("Act") for an order of the Commission declaring that Madison Square Garden Corporation ("Applicant") 410 Park Avenue, New York 22, New York, a Michigan corporation and a closed-end, non-diversified management company, has ceased to be an investment company. All persons are referred to the application on file with the Commission for a complete statement of the representations made therein which are summarized below.

Applicant registered under the Act on August 31, 1949 under the name of

Graham-Paige Motors Corporation (later named Graham-Paige Corporation, and since April 4, 1962 named Madison Square Garden Corporation). In 1959 Applicant and its then subsidiary Royal American Corporation, now named Royal American Industries, Inc., ("Royal") acquired an aggregate of 62 percent of the outstanding shares of Capital Stock of Madison Square Garden Corporation ("Garden"), which owned and operated the Madison Square Garden arena in New York City. As a result of subsequent transactions Applicant had, by early 1960, increased the percentage of outstanding Garden Capital Stock owned by it to slightly over 80 percent. On April 20, 1960 Garden was merged into Applicant which has continued the business of Garden as a separate division ("Garden Division"). Applicant also owns approximately 58 percent of the common stock and participates in the management and operation of Crose-United Corporation ("Crose") through which it conducts the business of manufacture, sale and rental of pipeline maintenance and construction equipment and the distribution of oil and gas well supplies and machinery. Three of the four principal executive officers of Crose are also officers of Applicant.

Since the merger of Garden into Applicant in 1960, Applicant has been principally engaged in the sports arena and real estate businesses. Applicant intends that its principal activities during the foreseeable future will consist of the operation of the existing Madison Square Garden, the construction and operation of the proposed new Madison Square Garden Center on the site of the Pennsylvania Railroad Station in New York City and the subsequent development of the land occupied by the existing Madison Square Garden. It further intends to retain its interest in Crose and to continue to participate in its management and operation.

As of December 31, 1962, 61 percent of Applicant's assets was represented by its interests in the Garden Division and miscellaneous real estate holdings and 12 percent by its interest in Crose. In December 1961 Royal ceased to be a majority-owned subsidiary (as defined in the Act) of Applicant and has ceased to be subject to Applicant's control, and Applicant has indicated that its remaining investment in Royal, which represented 22 percent of Applicant's assets, as of December 31, 1962, will be disposed of when practicable to provide necessary additional capital for Applicant's sports arena and real estate operations. The remaining 5 percent of Applicant's assets as of December 31, 1962 was represented by other investment securities and miscellaneous assets.

The largest portion of Applicant's income since 1959 has been and continues to be derived from the Garden Division and Crose while dividends and interest from investment securities have come to represent only a small portion of its income.

Pursuant to section 13(a)(4) of the Act, resolutions to approve the change in the nature of Applicant's business from that of an investment company to that of a company principally engaged

in the ownership, construction and/or operation of sports arenas and the ownership, development and/or operation of various real estate interests and to authorize application for an order terminating Applicant's registration under the Act and/or exempting Applicant from further registration under the Act were adopted by shareholders at their annual meeting held on April 4, 1962.

Section 8(f) of the Act provides, in pertinent part, that whenever the Commission upon application finds that a registered investment company has ceased to be an investment company, it shall so declare by order and upon the taking effect of such order, the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than July 2, 1963, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant. Proof of such service (by affidavit or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

[File No. 70-4149]

NEW ENGLAND ELECTRIC SYSTEM

Notice of Proposed Indirect Sale of Utility Assets by Registered Holding Company

JUNE 11, 1963.

Notice is hereby given that New England Electric System ("NEES"), 441 Stuart Street, Boston 16, Massachusetts, a registered holding company, has filed a declaration with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating section 12(d) of the Act and Rule 44 thereunder as applicable to the proposed transaction. All interested persons are referred to the declaration, on file at the office of the Commission, for a statement

of the transaction therein proposed, which is summarized below.

New England Power Company ("NEPCO"), an electric utility subsidiary company of NEES, presently sells electric energy to a non-affiliated industrial customer, Crocker, Burbank & Company ("Crocker") of Fitchburg, Massachusetts, and to the latter's wholly-owned subsidiary company, Louis Dejonge Company ("Dejonge"), such energy being supplied through stepdown substations owned by NEPCO and located at eight of the customers' mills. NEPCO proposes to sell these substation facilities to Crocker at the original cost thereof less accrued depreciation to the date of sale which is expected to occur on or about July 1, 1963. The original cost of the facilities and the related accrued depreciation, as at March 31, 1963, were reflected on NEPCO's books at \$204,778 and \$53,311, respectively.

NEPCO will continue to supply the Crocker-Dejonge expanding load under a new contract but the delivery of the electricity will be at the primary voltage of 13,800 volts instead of the present 600 volts. NEPCO states that the new service will relieve it of the responsibility for supplying the stepdown transformer capacity required for serving the Crocker-Dejonge load now and in the future.

The expenses to be incurred in connection with the proposed transaction, estimated not to exceed \$500 for NEES and \$1,000 for NEPCO, consist of charges by the system service company for services performed at the actual cost thereof.

It is represented that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than June 26, 1963, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed contemporaneously with the request. At any time after said date, the declaration, as filed or as amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

For the Commission (pursuant to delegated authority).

[File No. 812-1592]

SAMSON FUND, INC., AND SAMSON CONVERTIBLE SECURITIES AND CAPITAL FUND, INC.**Notice of Application for Order Exempting Transaction Between Affiliates**

JUNE 11, 1963.

Notice is hereby given that Samson Fund, Inc. ("Samson Fund"), and Samson Convertible Securities and Capital Fund, Inc. ("Convertible Fund"), 680 Fifth Avenue, New York, New York, Delaware corporation, and registered open-end non-diversified management investment companies, have filed a joint application under section 17(b) of the Investment Company Act of 1940 ("Act") for an order exempting from the provisions of section 17(a) of the Act the proposed exchange of assets of Convertible Fund for shares of capital stock of Samson Fund on the basis of the respective net asset value of Applicants. All interested persons are referred to the application filed with the Commission for a full statement of Applicants' representations which are summarized below.

The Board of Directors of each Applicant approved an agreement dated May 9, 1963, which provides; (1) all of the assets of Convertible Fund, less approximately \$15,000 in cash, will be sold to Samson Fund in exchange for that number of shares of capital stock of Samson Fund which have an aggregate net asset value at the date of closing equal to the value of assets of Convertible Fund acquired by Samson Fund on such date and (2) Samson Fund will assume all the liabilities on Convertible Fund except for expenses incurred in connection with the transactions contemplated by the agreement and in the liquidation and dissolution of Convertible Fund. The closing of the proposed transaction, which is represented to be a tax-free reorganization within the meaning of the Internal Revenue Code of 1954, will take place on the date following approval by shareholders of Convertible Fund of the agreement, provided that this Commission shall have prior to such date issued an order permitting the proposed transaction to be effected. The agreement is subject to the approval of two-thirds of holders of the outstanding shares of Convertible Fund, at a meeting to be called on or about June 28, 1963. Following the closing, Convertible Fund will be liquidated and dissolved and the shareholders of Convertible Fund will receive pro rata, the shares of Samson Fund issued and delivered to Convertible Fund at the closing to which they are entitled, together with any cash remaining in the hands of Convertible Fund after payment of all costs and expenses.

At May 1, 1963, convertible debentures and common stocks comprised approximately 3.3 percent and 96.7 percent respectively, of the investment portfolio of Samson Fund and approximately 77.5 percent and 22.5 percent respectively, of the investment portfolio of Convertible Fund. If all of the assets of Convertible Fund had been delivered to

Samson Fund on such date the investment portfolio of Samson Fund on such date would have been comprised of 26.9 percent in convertible debentures and approximately 73.1 percent in common stocks.

As of May 1, 1963, the portfolio of neither Applicant contained any net unrealized appreciation. At such date, Convertible Fund's portfolio contained unrealized depreciation of investments of approximately \$3,112.38, or \$0.37 per share, and Samson Fund's portfolio contained approximately \$44,751.79 of unrealized depreciation, or \$0.70 per share. The management of both Applicants consider that any possible advantages or disadvantages to the shareholders of either Applicant as a result of the difference in the amount of unrealized depreciation expected to exist at the effective date of the Agreement will be so insignificant as not to warrant adjustments or other steps to eliminate the difference.

The Applicants submit that the terms of the proposed transaction are reasonable and fair and do not involve overreaching on the part of any person concerned, since the purchase of the assets of Convertible Fund for stock of Samson Fund will be done on the basis of the respective net asset values of the shares of the Applicants on the closing date under the Agreement. Approval by a majority of Convertible Fund's shareholders of the Agreement will also involve approval and adoption of all Samson Fund's investment policies. The proposed transaction will then be consistent with the policy of each Applicant. The Board of Directors of each Applicant is of the opinion that consummation of the proposed transaction would tend to reduce the operating overhead expenses allocable to the respective shares of Applicants and enhance and improve the efficiency of the over-all enterprise. The application represents that the proposed transaction is consistent with the general purposes of the Act.

Applicants may be deemed to be affiliated persons of each other or affiliated persons of affiliated persons as defined in the Act. Samson Associates, Inc., acts as investment adviser and national distributor of both Applicants and, generally, Applicants have common officers and directors.

Section 17(a) of the Act, in general, prohibits an affiliated person of a registered investment company or an affiliated person thereof from purchasing from, or selling to, such registered investment company any security, with certain exceptions not applicable here, unless the Commission upon application pursuant to section 17(b) of the Act, grants an exemption from section 17(a) of the Act after finding that the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair and do not involve overreaching on the part of any person concerned, that the proposed transaction is consistent with the policy of each registered investment company concerned, as recited in its registration statement and reports filed under the Act, and is consistent with the general purposes of the Act.

Notice is further given that any interested person may, not later than June 27, 1963, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address set forth above. Proof of such service (by affidavit or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

DEPARTMENT OF LABOR

Wage and Hour Division

CERTIFICATES AUTHORIZING EMPLOYMENT OF LEARNERS AT SPECIAL MINIMUM RATES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended, 29 U.S.C. 201 et seq.), and Administrative Order No. 561 (27 F.R. 4001) the firms listed in this notice have been issued special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates otherwise applicable under section 6 of the Act. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods, for certificates issued under general learner regulations (29 CFR 522.1 to 522.9), and the principal product manufactured by the employer are as indicated below. Conditions provided in certificates issued under the supplemental industry regulations cited in the captions below are as established in those regulations.

Apparel Industry Learner Regulations (29 CFR 522.1 to 522.9, as amended, and 29 CFR 522.20 to 522.25, as amended).

The following learner certificates were issued authorizing the employment of 10 percent of the total number of factory production workers for normal labor turnover purposes. The effective and expiration dates are indicated.

Dickson-Jenkins Manufacturing Co., 202-208 St. Louis Avenue, Fort Worth, Tex.; effective 5-30-63 to 5-29-64 (men's work clothing, western pants, etc.).

Don Juan Manufacturing Corp., 113 Grubb Street, Hertford, N.C.; effective 6-6-63 to 6-5-64 (men's and boys' shirts).

Durant Sportswear, Inc., Durant, Miss.; effective 5-28-63 to 5-27-64 (men's and boys' outerwear jackets).

Eaton Manufacturing Co., Inc., 103 Godfrey Road, Eatonton, Ga.; effective 5-31-63 to 5-30-64 (men's dress trousers).

Lawrence-Lloyd Sportswear of Texas, Inc., 2217 Mills Street, El Paso, Tex.; effective 5-28-63 to 5-27-64 (men's and boys' work and wear slacks).

Mode O'Day Corp., Plant No. 2, 2955 South Main Street, Salt Lake City, Utah; effective 6-3-63 to 6-2-64 (women's dresses).

Oberman Manufacturing Co., Valdosta, Ga.; effective 5-31-63 to 5-30-64 (men's and boys' dungarees).

Phillips-Van Heusen Corp., Patton, Pa.; effective 6-2-63 to 6-1-64 (dress shirts).

Prescott Manufacturing Corp., Prescott, Ark.; effective 6-4-63 to 6-3-64 (men's and boys' pajamas).

Sweet-Orr & Co., Inc., Dawsonville, Ga.; effective 5-28-63 to 5-27-64 (boys' uniform shirts).

Williamson-Dickie Manufacturing Co., Tyler, Tex.; effective 5-31-63 to 5-30-64 (men's and boys' cotton pants).

The following learner certificates were issued for normal labor turnover purposes. The effective and expiration dates and the number of learners authorized are indicated.

Angelica Uniform Co., Winfield, Mo.; effective 6-5-63 to 6-4-64; 10 learners (men's washable service uniform coats).

Brandon Shirt Co., Inc., Jasper Street, Brandon, Miss.; effective 5-31-63 to 5-30-64; 10 learners (men's sport shirts).

Jan Christy, Inc., 15236 Proctor Avenue, City of Industry, Calif.; effective 5-28-63 to 5-27-64; 10 learners (women's slacks).

Dixon Dress Co., 133 Hicks Street, Lawrenceville, Va.; effective 5-30-63 to 5-29-64; 10 learners (girls' dresses).

Edmonton Manufacturing Co., Greensburg Division, Greensburg, Ky.; effective 5-30-63 to 5-29-64; 10 learners (men's work shirts).

Glamorise Foundations, Inc., 161-163 West Water Street, Muncy, Pa.; effective 6-3-63 to 6-2-64; 10 learners (women's brassieres).

Marba Fashions, Inc., 102 Center Street, Tamaqua, Pa.; effective 5-30-63 to 5-29-64; 5 learners (children's dresses).

Mary-Jo Apparel, Inc., 145 East Center Street, Nesquehoning, Pa.; effective 5-30-63 to 5-29-64; 10 learners (children's dresses).

Fred Ronald Manufacturing Co., Neodesha, Kans.; effective 5-31-63 to 5-30-64; 10 learners (boys' shirts).

Sandy Lee Manufacturing Co., 1900 North Broadway, Menomone, Wis.; effective 6-3-63 to 6-2-64; 10 learners (boys' and girls' outerwear jackets).

Schuykill Dress Co., Inc., Schuylkill, Pa.; effective 6-3-63 to 6-2-64; 10 learners (women's dresses).

Stanro Dress Co., Inc., 810 George Street, Throop, Pa.; effective 5-31-63 to 5-30-64; 5 learners (ladies' and children's dresses).

Sunbright Shirt Corp., Sunbright, Tenn.; effective 6-3-63 to 6-2-64; 10 learners (boys' shirts).

Tog's Inc., Hookerton, N.C.; effective 5-28-63 to 5-27-64; 10 learners (children's pants).

Woolrich Woolen Mills, Howard, Pa.; effective 5-30-63 to 5-29-64; 10 learners (men's wool sport shirts, outerwear pullovers and coats, etc.).

The following learner certificates were issued for plant expansion purposes. The effective and expiration dates and the number of learners authorized are indicated.

The Arrow Co., Division of Cluett, Peabody & Co., Inc., Shamokin, Pa.; effective 6-1-63 to 11-30-63; 65 learners (men's sport shirts).

Freezer Shirt Corp., trading as Carolina Apparel Manufacturing Co., Hickory Grove Division, Hickory Grove, S.C.; effective 6-1-63 to 11-30-63; 90 learners (women's blouses, jamaicas, bermudas, and capri pants).

Prepmore Apparel, Inc., Russellville, Ala.; effective 5-26-63 to 11-25-63; 50 learners (boys' sport shirts).

Putnam Manufacturing Co., Cookeville, Tenn.; effective 5-27-63 to 11-26-63; 10 learners (men's work pants).

Sandy Lee Manufacturing Co., 1900 North Broadway, Menomone, Wis.; effective 6-3-63 to 12-2-63; 25 learners (boys' and girls' outerwear jackets).

Glove Industry Learner Regulations (29 CFR 522.1 to 522.9, as amended, and 29 CFR 522.60 to 522.65, as amended).

North Churchill Manufacturing Co., Inc., 544 North Pearl Street, Centralia, Wash.; effective 5-25-63 to 5-24-64; 10 learners for normal labor turnover purposes (cotton, leather palm, and all leather work gloves).

Fairfield Glove Co., Bonaparte, Iowa; effective 5-31-63 to 5-30-64; 10 learners for normal labor turnover purposes (gloves and mittens).

Fairfield Glove Co., 603 West Stone Street, Fairfield, Iowa; effective 5-31-63 to 5-30-64; 10 learners for normal labor turnover purposes (cotton fabric, leather palm, and all leather work gloves).

Marso & Rodenborn Manufacturing Co., Fort Dodge, Iowa; effective 5-27-63 to 5-26-64; 10 learners for normal labor turnover purposes (cotton flannel work gloves and mittens).

Wells Lamont Corp., 801 East Main Street, Brownsville, Tenn.; effective 5-31-63 to 5-30-64; 10 percent of the total number of machine stitchers for normal labor turnover purposes (woven knit fabric gloves).

Hosiery Industry Learner Regulations (29 CFR 522.1 to 522.9, as amended, and 29 CFR 522.40 to 522.43, as amended).

Dapper Hosiery Mills, Inc., Clinton, S.C.; effective 5-30-63 to 5-29-64; 5 learners for normal labor turnover purposes (seamless and full-fashioned).

Lawler Hosiery Mills, Inc., 301 Bradley Street, Carrollton, Ga.; effective 6-3-63 to 6-2-64; 5 percent of the total number of factory production workers for normal labor turnover purposes (seamless).

Whitmire Hosiery Mills, Inc., Chester Highway, Whitmire, S.C.; effective 5-30-63 to 5-29-64; 5 learners for normal labor turnover purposes (seamless).

Knitted Wear Industry Learner Regulations (29 CFR 522.1 to 522.9, as amended, and 29 CFR 522.30 to 522.35, as amended).

Glen Manufacturing Co., Inc., 321 Jackson Street, Bainbridge, Ga.; effective 5-30-63 to 5-29-64; 5 percent of the total number of factory production workers engaged in the production of bathing suits (bathing suits).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.9, as amended).

Pattonsburg Manufacturing Co. and/or Stanberry Manufacturing Co., Grant City, Mo.; effective 6-3-63 to 12-2-63; 12 learners for normal labor turnover purposes, in the occupation of sewing machine operator for a learning period of 240 hours at the rate of not less than \$1.05 an hour (hat and caps).

Each learner certificate has been issued upon the representations of the employer which, among other things, were that employment of learners at special minimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 522.9. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in 29 CFR Part 528.

Signed at Washington, D.C., this 7th day of June 1963.

ROBERT G. GRONEWALD,
Authorized Representative
of the Administrator.

[F.R. Doc. 63-6319; Filed, June 14, 1963; 8:48 a.m.]

CUMULATIVE CODIFICATION GUIDE—JUNE
